

DENY PASSPORTS TO PEACE DELEGATES

U. S. Expresses Disapproval of Propaganda of European Socialists

WARNING TO AMERICANS

Any American Taking Part in Negotiations Legally Liable to Heavy Punishment

PURPOSE NOT STATED

WASHINGTON, May 23.—Emphatic disapproval of the peace propaganda of European Socialists was expressed today by the American government which denied passports to American delegates to the Stockholm conference and issued a warning that any American taking part in the negotiations would be liable to heavy punishment. No formal announcement of purpose was issued but officials explained that the government's course would have the two fold effect of discrediting generally any peace moves by unauthorized persons and of condemning in particular the present Socialist agitation, regarded since its inception as inspired by Germany.

Lansing Cites Logan Act
In making known the decision not to give passports to the American Socialists designated to take part in the Stockholm conference, Secretary Lansing cited the Logan act of 1799 as defining the punishments which might be expected by any American now in Stockholm or who might go there without a passport and participate in the peace discussions. Under this law unauthorized persons who directly or indirectly treat with foreign agents regarding controversies of the United States may be imprisoned for three years and fined \$5,000.

The American delegates to the conference authorized to represent the American Socialist party over the protest of some of its foremost members are Victor L. Berger of Milwaukee and Morris Hillquit and Algernon Lee of New York. They were selected by the party's executive committee after a notable group of Socialists headed by Chas. Edward Russell and William English Walling had condemned the movement in a joint statement as "the most dangerous of all the Kaiser's plots."

Denounced Hillquit and Lee
The same statement denounced Hillquit and Lee who are Socialist writers, as radically pro-German. Berger, a native of Austria-Hungary, has been editor of several German language newspapers in Milwaukee and in 1911 was elected as the first Socialist to sit in congress. American diplomatic agents abroad have kept a close watch on the Socialist movement and their reports are understood to show clearly that the plan for a conference at Stockholm had its origin in Germany and has met with the active encouragement of the German government. Passports have already been granted to the German delegates.

Russian Socialists also have selected delegates to the meeting. The Socialist party of Great Britain has refused to send representatives to Stockholm, its executive committee declaring that such a conference "is of no real importance and can only bring ridicule on the Socialist cause."

Officials made it clear tonight that their decision should be regarded rather as a disapproval of the peace move than as a reflection upon sincerity of the Socialists in this country. It was emphasized that great danger might result if unauthorized persons attempted at present to negotiate peace with foreign agents who appear in reality the instrument of a cleverly directed German war move.

ILLINOIS ROADS TO RAISE PASSENGER FARE

SPRINGFIELD, Ill., May 23.—Notice was served on Attorney General Brundage today by the officials of the various roads operating in Illinois that commencing May 31 they would charge two and four-tenths cents per mile for conveying passengers from point to point in Illinois. This rate is made they say in order to comply with the order of Federal Judge Hook in St. Louis recently that the roads so adjust their rates not to discriminate against St. Louis in favor of East St. Louis.

Attorney General Brundage announced that if the railroads attempt to raise their rates within the state he will proceed against them in the courts under the Illinois two-cent fare, recently upheld by Federal Judge Landis.

FIRE DEVASTATES HUNGARIAN TOWN

Amsterdam, May 23, via London, May 23.—A Budapest despatch says the Hungarian town of Gonyevos has been devastated by fire, 1,000 houses being destroyed and 240 still on fire. Several thousand persons are homeless and seven deaths have been reported. Gonyevos is 43 miles from Budapest and had a population in 1900 of 14,412.

BRITISH KING WELCOMES U. S. SURGEONS AND NURSES

Ceremony Will Stand As Landmark in American History

Members of Royal Family Shake Hands with Those Composing Hospital Unit of America's Initial Detachment of Army Which Will Soon Go to France.

London, May 23.—King George and Queen Mary accompanied by the Prince of Wales and Princess Mary today received and welcomed the surgeons and nurses of America's initial detachment of the army which shortly will take its place beside the British allies at the fighting front in France. It was a simple but impressive ceremony, one which will stand as a landmark in American history as the first of its kind to occur within the walls of Buckingham Palace.

Formality Shorn of Rigidity.
Formality there was such—such as is demanded by royalty—but the presentation was shorn of much of its rigidity by the attitude of the royal family. There existed no doubt in the minds of spectators that the hearts of the king and queen were in their greetings.

Especially was this felt as the king stood before the medical corps and, in a voice ringing with sincerity, expressed the pleasure which it accorded him and the queen to welcome the Americans.

In the detachment whose members were presented to the king were 25 surgeons under command of Major Harry L. Gilchrist. King George wore the service uniform of a field marshal and the Prince of Wales was in a captain's uniform of the grenadier guards with the insignia of a staff officer. Queen Mary was becomingly gowned in satin of a soft gray tint, with hat of the same hue and Princess Mary was attired in white.

Each Speaks Word of Welcome.
The members of the royal family shook hands with those composing the detachment and to each spoke a word of welcome and expressed best wishes for his or her future in France.

All along to the fourth base hospital of the United States army. Most of them are from Cleveland and vicinity.

"It is with the utmost pleasure and satisfaction that the queen and I welcome you here today," said King George. "We greet you as the first detachment of the American army which has landed on our shores and your great republic resolved to join in the world struggle for the ideals of civilization."

"We deeply appreciate this prompt and generous response to our needs. It is characteristic of the humanity and chivalry which have ever been evinced by the American nation that the first assistance rendered the Allies is in connection with the profession of healing and work of mercy."

NOTE TO CREATE SOCIAL SERVICE COMMISSION

DALLAS, Texas, May 23.—Creation of a social service commission of 45 members to serve without expense to assist in solving problems of the church growing out of the war was voted by the 129th general assembly of the Presbyterian church in the United States of America today by an overwhelming majority. The action was taken after Dr. John A. Marquis of Cedar Rapids, Iowa, former moderator said "old methods of the church would not meet the situation."

The assembly also adopted the report of the standing committee on temperance declaring against the liquor traffic and also disapproving the use of tobacco in any form.

The assembly this afternoon passed a resolution favoring a Sunday rest law in the District of Columbia. Several other matters of a routine nature were transacted.

EDITOR OF ARMY AND NAVY JOURNAL DIES

NEW YORK, May 23.—William Conant Church, editor of the army and navy journal, died at his home here today from pneumonia, he was 81 years old.

A brevet lieutenant colonel, U. S. Volunteers, Colonel Church was regarded as one of the ablest authorities on military matters in the country and had an acquaintance with the intimate history of the army and navy and their outstanding personalities for two generations. Born in Rochester, N. Y., descendant of a revolutionary soldier Colonel Church entered Journalism and was for a short time prior to the outbreak of the Civil War publisher of the New York Sun. He was breveted a lieutenant colonel for distinguished service in the war in which he was wounded at Fair Oaks. He founded the army and navy journal in 1863.

TO CONFER HONORARY DEGREES

Princeton, N. J., May 23.—Honorary degrees will be conferred on all of the ambassadors and ministers representing the allied nations as well as Secretary of State Robert Lansing and Herbert Hoover at the 170th annual commencement of Princeton university which will be held on June 16th. The usual commencement exercises this year will give way to patriotic exercises.

SALESMEN TO SELL BONDS

CHICAGO, May 23.—Three hundred bond salesmen tomorrow morning will begin selling Liberty bonds here. The business section has been divided into zones and the salesmen have been divided into teams of about 20 each with a team leader for each zone.

FRENCH MISSION RETURNS SAFELY

Joffre and Viviani Land at Brest—Due in Paris Last Night

SAILED FROM NEW YORK

Party Slipped Away May 15 on the Same Steamer which Brought Them Over

LEFT UNDER CONVOY

PARIS, May 23.—Marshal Joffre and Premier Viviani arrived at Brest last night on their return from the United States.

They reached Brest at midnight and are due in Paris tonight.

Sailed From New York.
Washington, May 23.—Vice-Premier Viviani, Marshal Joffre and the French mission sailed from New York Tuesday, May 15. Unknown except to a few officials and many American newspapers which loyally kept the secret so the distinguished guests of the nation might not be unnecessarily endangered by German submarines, the party slipped away on the same steamer which brought them over and was conveyed by a French warship.

The departure of the French mission was attended by as much secrecy as the government could throw around it and the arrangements were such as to make it difficult for German spies to use any information had they gained possession of it.

Returned to Capital May 14.
On Monday, May 14, the mission returned to Washington.

It was presumed they were returning to take up their conferences on the conduct of the war, but they really returned to make their farewell visits to President Wilson and other American officials. Up to that time there had been not even an intimation that the visitors were to leave so soon. Late that afternoon the mission sped away again and reached New York before midnight.

Tugs were ready and the Frenchmen were taken to the liner waiting for them in midstream. The ship sailed out thru the harbor guards early Tuesday morning and so well had the plans been laid that it was generally supposed in New York that the liner and her convoy were sailing for Hampton Roads to take on the French party at the same place where they had landed on coming to the United States.

The ships, however, were leaving their course across the Atlantic.

Department Issues Statement

The state department tonight issued this statement: "The department of state desires to express its sincere appreciation to newspaper correspondents and to editors who by their co-operation in not publishing details of movements of the mission not only to travel in this country with entire safety, but also to depart without any intimation being given that might have made their journey unsafe."

REQUISITION BLANKETS FOR 'ROOKIE' OFFICERS

FORT SHERIDAN, Ill., May 23.—With the continued unseasonable weather several hundred additional blankets were requisitioned today for the Illinois contingent in training here for reserve officer's commissions. Major John H. Parker commanding the cantonment, asserted, however, that none of the men had suffered ill effects from the cold. The Michigan Wisconsin candidates are housed in brick barracks which are heated with steam.

Numbers of men, already commissioned in reserve corps, who are in training here, were preparing today to leave for Fort Leavenworth, Kan., where they have been ordered for instruction.

FREEMOTE TELEPHONE STRIKERS RESUME WORK

FREEMOTE, Ill., May 23.—The city was without telephone service five hours today thru a strike of seventy employees of the local telephone company. The strikers, including 45 switchboard operators, demanded an increase in wages, changed working conditions and the reinstatement of L. A. Herrick, whose resignation as manager was announced last night.

A conference, company granted the demands regarding wages and an eight hour day. Other differences will be submitted to arbitration.

FROST CAUSES LARGE DAMAGE TO GARDENS

CHICAGO, May 23.—A heavy frost covered many parts of northern Illinois today and caused large damage to garden truck and other crops just out of the ground. As the sun wilted the frozen plants, farmers, florists and gardeners were busy trying to estimate the damage. In exposed places beans, tomatoes, potatoes and corn suffered most. Ice to the thickness of a window pane formed on pools left after the heavy rains of the last few days and thermometers registered a temperature as low as 26 degrees.

AUSTRIA HOPED FOR PEACE WITH RUSSIA

Better Crop Than Last Season Seems Only Hope

Government Shares This View and This Led to Several Attempts by it to Give Russia to Understand That Peace With Central Powers Could be Obtained.

New York, May 23.—By a Staff Correspondent of The Associated Press Just Returned from Vienna.—Peace with Russia and the hope that this year's crops would be better than those of last year, have during recent weeks been the sole factors in whatever optimism existed in Austria-Hungary concerning the outcome of the European war.

It was thought that reaching an understanding with Russia would cause the entente governments to also enter negotiations for peace or in the absence of such an inclination on their part release the central power troops on the east front for operations against the Italians and the allies on the west front. This failing, a crop at least as good or better than last season's appeared to most classes the only cause for seeing anything bright in the future. The government shares this view, and this led to several attempts by it to give the Russians to understand that peace with the central powers could be obtained under conditions favorable in Berlin and Vienna.

Those interested in public sustenance matters in Austria-Hungary realize that only the very best of seasons could give the country a crop as good even at last year's. Austria-Hungary was before the war an exporter of foodstuffs and the area of arable land does not enter into the question of war crops. For land not cultivated intensively food production in the monarchy has become largely a matter of fertilizing. This is especially true of Hungary. Farms depending upon intense cultivation have fallen short in crop returns principally for the reason that the necessary labor has not been available. In Austria this has been the principal cause for recent bad crops here also a shortage in fertilizers, especially in manure, has been severely felt.

Farming in Austria-Hungary, as in Germany, has for the last two years taken much more out of the soil than it was possible to return to it the result being that two crops have been raised on what may be considered the reserve store of elements needed to produce a crop. With the duration of the war the possibilities of keeping the soil in good condition have decreased constantly so that today most farm land in Central Europe may be considered as on the verge of exhaustion. The best of weather this year could not produce a good crop, according to many land owners with whom the subject was discussed.

Much relief is expected from the parts of Roumania occupied by the Central Power troops. It is estimated the area under control produces annually about two million tons of grain, mostly wheat. The soil is still in the best condition and the Roumanian government had drafted only the line troops and first reserve contingents from these districts so that the number of males engaging in farming is relatively great.

HUNGARIAN PREMIER AND CABINET RESIGN

LONDON, May 24.—A despatch to Reuters' Telegram Company from Amsterdam gives the following semi-official statement received from Budapest: "As the emperor did not give his assent to the government's franchise proposal, Count Tiza, the Hungarian premier tendered the resignation of the entire cabinet, which the emperor accepted."

"The emperor charged Count Tiza with continuing the conduct of current business. No decision has been taken regarding an audience in connection with the formation of the new cabinet."

A light on behalf of automobile manufacturers was temporarily yesterday by Representative Doremus of Michigan was lost today.

House Votes Motion Down
The house voted down 345 to 68 a motion to strike out the increases in the Lennox income tax surtax amendment which it is estimated, will be productive of \$66,996,999 additional revenue.

An unsuccessful effort also was made to eliminate the committee second class mail matter rate section which would increase on next March 1, the present flat rate of one cent a pound to a graduated scale ranging from one-half cent to six cents a pound in the eighth. Two other graduated scales with further increases in rates would go into effect on next July 1 and Nov. 1, respectively. The vote sustaining the committee was 256 to 159.

Mr. Kitchen voluntarily struck from the bill the proposed five per cent tax on advertising.

TO GIVE DEAD NURSE MILITARY HONORS

CHICAGO, May 23.—Funeral services with full military honors will be held at Evanston, a suburb, for Miss Helen Burnett Wood, one of the two Red Cross nurses who were killed by fragments from a shell during target practice aboard the American steamship which was taking them to France. A detachment of bluejackets from the U. S. naval training station at Great Lakes, Ill., will attend, as will representatives of the National Guard regiments of Chicago.

CONSIDER SUFFRAGE QUESTION

Jassy, Roumania, via London, May 23.—Premier Bratianu has announced to the chamber of deputies that the government requests parliament to insert in the Roumanian constitution the principles of universal suffrage and expropriation in favor of peasants. The government is also considering the Jewish question.

HOUSE PASSES WAR REVENUE MEASURE

Bill Designed to Raise \$1,800,000,000 Thru New Taxation

RE-DRAFTING CERTAIN

Material Changes Already are Contemplated By Senate Finance Committee

MANN OPPOSES BILL

WASHINGTON, May 23.—The war revenue bill, framed to bring into the treasury \$1,800,000,000 thru new taxation during the coming year, passed the house by a vote of 329 to 76 late tonight in almost the same form that it was presented by the ways and means committee two weeks ago. All the opposing votes were cast by Republicans, although there are many members of the Democratic side strongly opposed to certain sections of the measure. Virtual redrafting of the bill in the senate is regarded as certain. Material changes already are contemplated by the senate finance committee as a result of public hearings during debate in the house.

Taxes Greatly Increased

Outstanding features of the bill are the greatly increased income, inheritance, excess profits, liquor and cigar and tobacco taxes, virtual abolition of the present free list and a ten per cent increase to existing tariffs, new taxes on manufactures, amusements, clubs, public utilities and insurance, a far reaching stamp tax and a greatly increased second class mail matter rate based on the parcel post zone system.

In only four particulars does the measure now differ substantially from the original draft. Surtaxes on incomes above \$40,000 have been increased one-fourth above the committee schedule. Several articles including print paper and pulp and gold and silver, slated for a ten per cent duty, have been kept on the free list. Slight reductions in the second class mail rates have been made. A proposed five per cent tax on all advertising, except newspaper and periodical, is eliminated.

Attacks on the bill in the senate will center around the excess profits, income and manufacturers taxes and the second class mail rate increase sections.

Wilson Desires No Changes

In a final effort to summon all of his party votes to support of the measure, Democratic Leader Kitchen declared that he had been informed personally by President Wilson today that he did not desire changes in the bill in the senate as had been currently reported.

Republican Leader Mann insisted that the bill would raise too large an amount of money by direct and immediate taxes.

"This bill approaches killing the goose that lays the golden egg," he said. "Indeed I am afraid we are killing that goose today."

Mr. Mann placed every possible obstruction in the way of the measure, therefore, even insisting on a roll call on a motion to recommit. It was defeated.

A light on behalf of automobile manufacturers was temporarily yesterday by Representative Doremus of Michigan was lost today.

House Votes Motion Down
The house voted down 345 to 68 a motion to strike out the increases in the Lennox income tax surtax amendment which it is estimated, will be productive of \$66,996,999 additional revenue.

An unsuccessful effort also was made to eliminate the committee second class mail matter rate section which would increase on next March 1, the present flat rate of one cent a pound to a graduated scale ranging from one-half cent to six cents a pound in the eighth. Two other graduated scales with further increases in rates would go into effect on next July 1 and Nov. 1, respectively. The vote sustaining the committee was 256 to 159.

Mr. Kitchen voluntarily struck from the bill the proposed five per cent tax on advertising.

The following Illinois representatives voted against the bill: Britten, Denison, Fuller, Graham, Ireland, Juhl, McKenzie, McKinley, Madden, Mann, Rodenberg, Wheeler and Wilcox.

SEVEN DIE IN FIRE

Tokio, May 23.—Seventeen persons have lost their lives and 67 are suffering from various injuries as a result of the fire which swept over Yonezawa yesterday. Half of the city has been destroyed.

BEGIN HARVEST OF WHEAT CROP IN TEXAS

Work Begins on 100 Acre Farm Near Fort Worth

Yield, It is Said, Will Be From Six to Eight Bushels to the Acre—Word From Texas Taken As a Good Omen—Work Started Three Days Earlier Than Normal.

Chicago, May 23.—In Texas, near Fort Worth yesterday, an American reaper began to hum the first notes of the world's greatest agricultural symphony—the harvest of the wheat crop.

This information reached the great grain market here today in a laconic telegram. Work, it said, began in a farm of 100 acres and the yield would be from six to eight bushels to the acre.

Note Will Swell from Now On.
From now on the note will swell until the crescendo of tens of thousands of such machines bursts over the great fields of Kansas and the Mississippi Valley. Thence on thru the spring wheat valleys of the Dakotas until about the first of September, whence the last North American sheaf has been cut in the far Hudson Bay country.

"The Texas harvest has started," flashed over the wires of the brokers, and crop students said that never in history did such a message carry more of hope and meaning to the world, for this crop, according to leading statesmen, enters into the grand strategy of the war and into the very politics of the nation.

Taken As Good Omen

The word from Texas was taken as a good omen, too, for it showed that the harvest had been started three days earlier than normal, and even three days is important, it is said, when the whole world is crying for wheat. Another cheering note was added by Edward Snow, the crop statistician who said that Texas was expected to yield 15,000,000 bushels or ten per cent more than last year. For early harvest will bring relief to the bare bins of the southwest. Dry weather accounts for the early start.

By June 5th, Mr. Snow said, the invasion of the reaper will have extended to the Oklahoma line. In three weeks more it will have covered that state and reached the fringe of the broad acres of Kansas. It should be well under way in this state by July 5, and in Nebraska by July 19. By August 1, Mr. Snow said, indications were that the spring wheat of the Dakotas should begin to fall.

"The movement of the grain to market should begin by June 15, and will flow in increasing volume day by day until it reaches the maximum between the end of October and the middle of December," said Mr. Snow. "This means that the new crop lays over in point of distribution on the old crop (that of 1916) by thirty days and supplements to that extent any deficiencies in stocks held from last year."

PAN-GERMAN LEAGUE THREATENS REVOLT

Vorwaerts Prints Letter Sent to German Chancellor By the League

Copenhagen, via London, May 23.—As a counter to the rather artificial indignation which the Pan-Germans and conservatives are endeavoring to excite against the Socialists on account of Schneidemann's use of the word "revolution" in the reichstag last week, the Vorwaerts prints the text of a letter sent to Chancellor Von Bethmann-Hollweg by the Pan-German League in May, 1915.

This also threatens revolution if the league's demand for sweeping annexation was not met. Baron Von Gobelet, vice president of the league, in transmitting to Von Bethmann a copy of the league's peace program, spoke of indicating that the government did not propose a wide enough utilization of victory. He declared that the immediate consequence of such a policy would be revolution and the overthrow of the dynasty. Copies of the letter were sent to the various federated governments.

The chancellor replied that the letter and threat constituted a climax to that lack of political judgement which had often embarrassed the government's policy before the war and that the Pan-German program could only be considered after all opponents had been completely crushed.

COUNT BELIEVES WAR WILL END BY FALL

AMSTERDAM, May 23.—In an interview published by German newspapers from a Hungarian paper, Count Hertling, Bavarian premier, is quoted as having said in regard to the reported partition of Alsace Lorraine between Prussia and Bavaria: "It is completely new and hitherto probably unknown that a decision has been reached about the position of Alsace Lorraine."

Count Hertling expressed the conviction that the war would end by fall and said the results of the submarine warfare were satisfactory.

GUARDSMEN REACH CAMP

Fort Snelling, Minn., May 23.—The corps of student officers here was augmented today by the arrival of a number of National Guard officers for training. They will be assigned immediately to companies.

RE-OPEN NEWSPAPER CENSORSHIP FIGHT

President's Desire Emphasized to Senate Espionage Conferees

DEADLOCK UNBROKEN

Administration May Attempt to Force Censorship Authorization

OPPOSITION CONFIDENT

WASHINGTON, May 23.—The newspaper censorship fight was reopened in congress today following President Wilson's action in personally intervening to insist upon inclusion of some form of press regulation in the administration espionage bill.

Outline President's Desire

The president's desire for censorship power of some sort, outlined yesterday in a letter to Representative Webb, chairman of the house judiciary committee, was emphasized today to senate conferees on the bill who were called to the White House for the purpose. Whether the administration will attempt to force thru a censorship authorization was said tonight to depend upon soundings being made by leaders among the house and senate membership. The conferees held another meeting today but being unable to break their deadlock over censorship, adjourned until Friday to sound out sentiment again.

Should the leaders find a reasonable prospect of acceptance by the house of a modified censorship plan, it was stated tonight that the conferees had agreed, tentatively, to adopt and present the following provision:

May Present This Provision

"In time of war, the president is hereby authorized to prescribe and promulgate rules and regulations for the purpose of preventing the disclosure to the public and thereby to the enemy, of information with respect to the movement, numbers, description and disposition of any of the United States in naval or military operations or with respect to any works intended for the fortification or defense of any place, and whoever in time of war shall wilfully violate any such rule of regulation shall be punished by a fine of not more than \$10,000 or by imprisonment for not more than five years or by both such fine and imprisonment."

Provided, that nothing in this section shall be construed to limit or restrict, nor shall any regulation hereby provided for limit or restriction any discussion, comment or criticism of the acts or policies of the government or its representatives, or the publication of the same."

Willing to Accept Proposal

The senate conferees, who have been opposing any censorship authorization, are understood to be willing to accept the new proposal as a substitute for that of Representative Gard of Ohio, written into the house bill and regarded much more drastic. The house clause authorizes the president by proclamation to prescribe what news shall not be published leaving the courts to determine if publication is in deliberate violation of prohibitory regulations.

Sensors leading the fight against press regulation, however, still are confident of ultimate success.

The house will be called upon to vote first on the question should the conferees decide first to secure a new vote by reporting out the compromise.

ELECT MISS TAFT DEAN

Philadelphia, May 23.—It was announced at Bryn Mawr College that Miss Helen Herron Taft, daughter of Ex-President Taft had been unanimously elected dean of the college. Miss Taft is a graduate of Bryn Mawr, having won the first matriculation scholarship for Pennsylvania and the Southern States awarded purely on grade when she entered Bryn Mawr in 1908.

LET CONTRACT FOR FLOUR

Springfield, Ill., May 23.—Contract for 2,000 barrels of flour for state institutions was let today to the lowest bidders, whose price was \$13.33 a barrel. The contract a year ago was at \$4.65 a barrel.

WEATHER INDICATIONS AND TEMPERATURES.

AN EXAMPLE

The patriotism of Archbishop Mundelein of Chicago cannot be exactly duplicated here but there is inspiration in his act in considering the Red Cross campaign here in Morgan county. In a letter addressed to the chairman of the Chicago citizens' committee of the Red Cross society the archbishop enrolled the names of 1200 orphans in St. Mary's training school on the Red Cross rolls and sent his check for \$1,200 to cover the expenses. The archbishop undoubtedly had in mind more than the swelling of the Red Cross fund, for membership in the society will teach these boys and girls something of patriotism in a way that will be remembered.

THE FORTUNATE FARMER

Everybody seems to be facing heavy war taxes but the farmer. No doubt the executives and leaders at Washington are exempting the farmer for two reasons—because they want to court his good will and secondly, because they wish to encourage in every war an increase in the production of grain and livestock. This attitude toward the farmer, as some bankers have already pointed out, is very certain to have a tendency to increase the values of farm lands. People with money to invest will not be long in seeing that money in farm lands is not only absolutely safe but is so placed that taxes for the war or other purposes will not be burdensome.

BUSINESS AND PLEASURE SECONDARY

Announcements are being sent out by various societies and organizations of the postponement of meetings and reunions on account of conscription day, June 5. This is indicative of the growing understanding on the part of the people that we are really engaged in a very serious war with a foreign power of vast resources. These announcements indicate too, conditions which will become more and more apparent as the war progresses, making merely social and business affairs have secondary place to war preparations. Yes, it is a very serious affair into which the U. S. has been drawn and the public is becoming more and more alive to that fact.

LOGICAL SITES FOR TRAINING CAMPS

If the state of Illinois chooses a site of Dixon or Alton for the quartering of drafted troops the people of the state should be well satisfied. The land it is proposed to use near these two cities is state property, the sites of hospitals which are not yet completed for the intended uses. There are buildings at both Dixon and Alton and the water supply at each site is adequate. There is the advantage of sewerage connections and the land space available is amply sufficient for training purposes. These properties belong to the state and have been paid for with the people's money. To establish a training camp at some other location would mean an expenditure of \$40,000 to \$50,000, while the use of the Alton or Dixon sites would mean a significant cost. With heavier taxes a certainty, to save \$40,000 of the people's money is well worth while.

FRED STEWART WRITES FROM FT. SHERIDAN

Study and Work Fill Each Day but Surroundings are Comfortable—Meeting With Old Friends.

Fred K. Stewart, who has been at the army training camp at Ft. Sheridan since May 14, in recent letters to his mother here declares that the daily program of army life is moving along smoothly. Everyone has hard work but that was expected and it was for study and training that the men applied for admission. This Jacksonville young man was assigned to Co. 14 and writes enthusiastically of his captain, but declares that all of the officers are fine.

The quarters in which young Stewart and his associates are located are on a high precipice overlooking Lake Michigan and the men will appreciate this location the more as the days grow warmer. Stewart has met Coach Harmon and Paul Strawn of this city, Epler Mills of Virginia and Joe Cuthin from Millikin university, his old time foe on the gridiron. Several other acquaintances have been met and so this Jacksonville soldier does not feel the lack of old friends. Most of the men in the company are older in years than he and the majority of them have seen some military service.

ing to give way at no very distant day, notwithstanding the fact that the German food supply is not so serious as has been pictured. Let us hope that Dr. Aguero is an accurate prophet and that he has "sized up" the situation as it really is.

SOLDIERS LIVING AND DEAD

The mayor of Quincy has issued a proclamation calling for a half holiday June 5, conscription day, so that the people may take part in the patriotic demonstration. Committees have been appointed and in addition to a parade there will be a program of patriotic speeches. It is none too early to begin preparations for such an observance here.

In this same connection it is worth while to mention that all things point this year to Decoration Day observances of more than usual impressiveness. As the years have gone by since the War of the Rebellion there has come a less intimate knowledge of what war means. Present conditions are serving to revive Civil War memories and to give new thought and point to war preparations and conditions. It is safe to say that when Decoration Day comes this year that the graves of the fallen heroes of the war of '61 will be viewed with new reverence and flowers and flags will be placed on those mounds with a tenderness heretofore unknown in these later years.

THE HARVEST BEGINS

After all, we're optimistic in this country and the news that the harvesting of wheat has begun in Texas is already having the effect of making the people feel that after all there is not going to be so much difficulty about the grain supply. This optimism is not without some foundation and the Texas reports indicate a crop ten per cent greater than last year. Texas does not rank as one of the largest producing wheat states but its area is so immense that the amount produced in the state is quite an important factor in making up the sum total in the U. S.

But it is cheering to know that the harvest has begun and that the weather conditions are such that the binders have been put into the fields three days earlier than last year, although in this locality we are counting the spring as very backward. The beginning of harvest in Texas means that the gathering of grain will be continued until late in September in some parts of the country, for wheat field occupies part of the acreage of this great country in all the vast expanse stretching from Texas clear up to the Canadian line. Just now the song of the reaper sounds especially sweet to American ears.

PAGE TWO YOUR VACATION TRIP.

If you have a vacation trip in contemplation this summer lay your plans carefully. If present plans of railroads are carried out the passenger service will be reduced one third within the next few weeks.

A well known citizen of this city said he had received a letter from his son who is in the railway service saying that all roads, and especially transcontinental lines, would soon reduce the volume of their passenger service. The step is to be taken on account of the war in order to place passenger engines in freight service. According to the plans tentatively formed the various roads running limited trains to the west, south-west and in fact all other directions, will begin a sort of co-operative service.

By the installation of the proposed plan limited trains will be operated on alternate days by different roads centering in the same city. For example between Chicago and Kansas City the Burlington, Santa Fe, Alton and other roads will operate trains on alternate days. This will give daily service but only one limited train each day between the cities.

Among other things the railroads purpose to do is the elimination of all excursion trains and all reservations will be taken off of the trains. The discontinuance of trains as contemplated will mean that a large number of railroad employees will be thrown out of employment. This will include in addition to trainmen, pullman conductors and porters and others not directly connected with the railway service. But fortunately conditions are such that other lines of employment will be immediately available for men who lose positions by these train changes.

THE NEWSPAPERS GETTING REWARDS

Just about the most pungent comment yet published on the administration's efforts to muzzle the newspapers is found in the current issue of Colliers' wherein the editor declares that newspapers which have treated the administration with such fairness and have glossed over many a mistake are about to receive the reward which too often is accorded such conduct. This is the way Collier's looks at the espionage bill, which has brought spilted oil from a great majority of the newspapers of the U. S.

"Newspapers that for two years have been most industrious in praising the party in power at Washington and screening its mistakes and denouncing its critics are now the targets of the espionage bill and various other attempts to prevent the flow of unofficial language about affairs of state. But what do they expect? They had their own good reasons for abandoning their right and duty to comment on the delinquencies at Washington, but they must know that the job of courier has its penalties. Other things besides thrift are sure to follow fawning. The willing horse is most ridden, says Poor Richard. It tends to become permanent. Indeed, the mildness of these papers in their comments on the outrageous espionage bill is proof enough of the extent to which they have sacrificed their independence to please the official class in Washington. Officials of the government would be more

than human if they neglected an opportunity to solidify the exemption from real investigation and criticism which they have enjoyed since August 1, 1914. We can imagine what the newspapers of the time of Greeley, Howles, Raymond and McMill would have done to the espionage bill, or how such journalists of a later period as Joseph Pulitzer, Dana or Nelson would have handled the upstart bureaucrats who framed this act or the impudent congressman who introduced it. They would not have left enough of them to ship home. Fortunately there are men in congress bold enough to pull the claws of these utterly unnecessary and indefensible attempts to destroy freedom—one of the first measures proposed at the commencement of a war for freedom!"

Rippling Rhymes By WALT MASON

FOOLISH TALK.

'Twas in the state of Wis., a senator got his. He sprung a line of talk that gave the state a shock, disloyal, foolish stuff, of which we've had enough. His fellow statesmen rose, and seized him by the nose, and fired him from his place, all loaded with disgrace. His little course is run, his statesmanship is done; in outer darkness now he clasps his clammy brow, and doubtless wishes that he hadn't used his hat thru which to speak a piece; his woe will never cease. And other folks whose jaws wag heedlessly should pause. The man whose active tongue on roller bearings bung, upon the zephyrs flings unpatriotic things may find himself, some morn, disdained, a thing of scorn. Perhaps he means no wrong, by his opinions stout; but men are under strain, and foolish talk and vain may stir their souls to ire, to doings fierce and dire. And then the gashsmith sees that talk is a disease. While riding on a rail he lifts his bitter wail, and wishes he had canned the words at his command.

THIS DATE IN HISTORY

May 24, 1838—"Cumberland Road Bill Passed." Bill making an appropriation of \$150,000 for the National Road in Illinois, east of Vandalia, for this year, has this day passed the Senate. It now only needs the signature of the President of the United States, to become a law, which it will doubtless receive tomorrow. Signed Z. Casey, William Walters, Esq., Vandalia, Illinois.

MATRIMONIAL

Ryan-Kepler

Miss Irma Francis Kepler, daughter of Mr. and Mrs. W. M. Kepler, this city, and Francis J. Ryan, son of Mr. and Mrs. Michael Ryan, of Franklin, were married Wednesday forenoon at 8 o'clock at the Church of Our Savior, the Rev. F. F. Formaz, pastor of the parish, celebrating the nuptial mass. The young people were attended by Miss Adele Kepler, sister of the bride, and Mr. Morgan Ryan, brother of the groom, and the wedding party entered the church as Miss Alice Brown played the wedding march of Mendelssohn. The bride was attired in white silk tulle over white satin and wore a veil, caught up with white rose buds. Her bridesmaid wore a gown of white silk net over white messaline. The bride carried white roses and the bridesmaid's bouquet was of pink Killarney roses.

After the ceremony a wedding breakfast of four courses was served at the home of the bride's parents, 1421 South West street. Pink and white were used in the dining room and the breakfast was thoroughly enjoyed by the twenty-five guests. When the wedding cake was cut Morgan Ryan found the ring and Harold Dorwart the button.

Both bride and groom are well known in Morgan county and both will receive the best wishes of a host of friends. Mr. Ryan was reared in Franklin vicinity and is accounted one of that community's progressive young farmers. Mrs. Ryan has for four years been a teacher in the county schools, before which time she attended Rount college.

Wednesday evening a reception and dance was held for the bridal couple in Marquette hall, Franklin. A large number were present and the affair was in every way enjoyable.

Hacker-Ore

Julius Hacker and Miss Ollie Ore were united in marriage Wednesday morning at 10 o'clock by Rev. A. A. Todd pastor of the First Baptist church at his residence on North Prairie street. The groom is the son of Mr. and Mrs. George Hacker of Concord, and the bride is the daughter of Mr. and Mrs. George Ore of the same place. The young couple left Wednesday afternoon for a brief wedding trip to Peoria after which they will make their home on a farm near Concord. Mrs. Ore, Mr. Hacker and John Hurst were present at the wedding.

BLUFFS

The eighth grade pupils held their commencement at the opera house Tuesday night. The following were the graduates who received their diplomas at this time: Stella Green, Ruth Anderson, Raymond Hawk, Thomas Lowe, Walter Kilver, Lella Thomas, Zela Mueller, Eril Berger, Vera McCaleb, Mary Torrence, Minnie Ranft, Grita Bonnett and Alma Carroll.

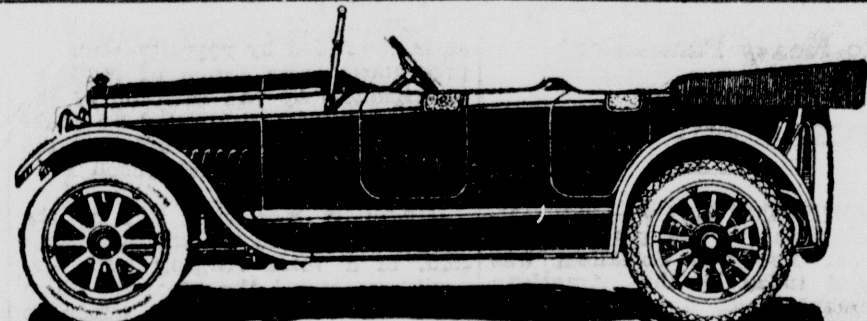

Hiram Morgan of Grand Forks, N. D. is the guest of his grand parents, Mr. and Mrs. Milton Jackson.

WITH THE SICK

Professor J. H. Rayhill, who is at Passavant hospital, continues to improve.

A BUSY DAY AT HEBRON CEMETERY

Messrs. Amos Swain and Thomas Fox are the gentlemen especially in charge of the cemetery at Hebron M. E. church and for some time have had a man at work there and yesterday forty men persons who are members of the church and others interested in the cemetery, gathered at the cemetery and worked putting everything in shape. In the past some of the tombstones and monuments have leaned and others have needed various attention and these matters all had attention and the work will be finished Friday forenoon.

The ladies did their share most admirably preparing a toothsome chicken pie dinner for the workers who were abundantly rewarded for all their labor. The cemetery is on a historic spot where once camp meetings were held in the days long gone by and it is truly a sacred and historic spot. When the men are through with it all will present a fine appearance. The pastor, Rev. G. T. Wetzel was on hand and did his part with the rest.

Galli-Curci, soprano, and Rudolph Ganz, pianist, in joint recital May 30th, in State Arsenal, Springfield. Reserved seats on sale at J. P. Brown's Music store, Jacksonville, Ill. Tickets \$1.00.

SUNDAY SERVICES AT HEBRON
Sunday morning at Hebron M. E. church there will be services suitable to memorial day, the pastor, Rev. Geo. T. Wetzel preaching a sermon suitable for the occasion. In the adjacent cemetery there are graves of some thirty veterans and these will be decorated by daughters of the fallen heroes. The young ladies will also decorate the church Saturday evening.

WILL GRADUATE IN WICHITA.
Charles D. King, a son of Joseph R. H. King, well known here, will graduate today at the Wichita, Kans. high school, a number of Jacksonville friends having received the commencement announcements. The elder King will be recalled as a member of the family of David King, who resided here in a home on East State street.

Y. M. C. A. FUND MAKES LITTLE GAIN

Total for This District is \$1377.50
—Medical Men Making Large Contributions

Reports in the hands of Secretary Findley of the Y. M. C. A. show that the total amount collected in this district for the army Y. M. C. A. work is \$1,377.50. This is not a generous showing by comparison with returns from other districts. The Literary Digest recently presented under the title of "Our Army of Good Samaritans," an extended article about the army Y. M. C. A. and gave drawings to show where the Y. M. C. A. centers are located in the battle fronts of the east. In the article the writer gave special praise to medical men for the sacrifices they are making in this war. On this point the writer says:

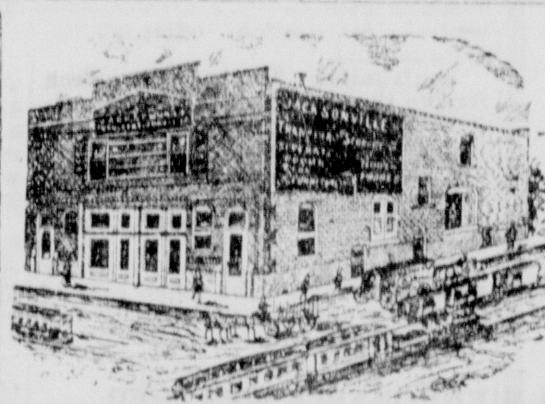

The largest sacrifice of personal income in the name of patriotism that this country has even seen will be made by the doctors who respond to the government's call for service in France. They are the American hospital units of the Army Medical Reserve corps, and included in these, some of which are already called, are leading surgeons and physicians of the United States. The highest professional income in the corps is reported to be \$140,000, says a writer in the Sunday Magazine of the New York Times, and this has been heretofore earned annually by a New York surgeon. In the seven hospital units of New York it is estimated that there are more than sixteen men with annual incomes exceeding \$50,000. The number with incomes above \$25,000 is much larger. Their work of restoring the disabled and returning them to the ranks will be of more military value than if they were themselves fighting in the trenches. It must be held in mind that in answering the call to service these men are laying down their incomes as well as themselves."

FOR SALE

ITALIAN WAR MISSION ARRIVES IN WASHINGTON

Prince Udine Delivers Message of Comradeship to U. S.

Prince Expresses His Delight at the Opportunity to Express Italy's Appreciation of America's Active Championship in World Struggle.

Washington, May 23.—Prince Udine, member of the royal house of Savoy and cousin of the King of Italy, delivered a message of greeting and comradeship to the American people on his arrival here today as the head of Italy's war mission. Accompanied by some of the king's leading citizens, including William Marconi, inventor of the wireless, the prince expressed his delight at being in America at this time and at the opportunity to express Italy's appreciation of America's active championship of the common world struggle against autocracy. The Italian mission, met on arrival in this country by Italian Ambassador di Cellerio and third Assistant Secretary of State Brockbridge Long, was received with every

honor when its social train reached the capital today at noon.

Ambassador Presents Mission.
The Prince of Udine and his fellow members were presented in order by the Italian ambassador to Secretary Lansing, Counsellor Polk, Assistant Secretary Phillips and Lieutenant Colonel John C. Gilmore of the army, and Lieut. Commander William N. Jeffers of the navy.

The visitors passed out through a cheering crowd in the station to waiting automobiles, which passed under escort of two cavalry troops past the capitol, up Pennsylvania avenue, between the treasury department and the white house, and out to the Joseph Letter house where they will make their headquarters.

The commissioners tomorrow will call formally on Secretary Lansing, and then on Secretary of the Navy Daniels, the prince being a captain in the royal navy. Thence they will go to the white house to be presented to President Wilson who will entertain them at dinner in the evening.

Will Discuss Inventions.
The presence of William Marconi, the wireless inventor led to reports that the famous scientist had found a solution of the submarine difficulty. It was stated on behalf of the mission that Marconi has brought to this country several devices evolved by the Italian admiralty, which accounted for thirteen U-boats in the first three weeks of their operations. The inventions will be fully discussed with American naval experts.

The main purpose that the Italians representatives hope to achieve is said to be a closer understanding and sympathy between the United States and Italy.

PRISONERS WILL NOT ESCAPE REGISTRATION

SPRINGFIELD, Ill., May 23.—Inmates of Illinois prisons will not escape registration for the selective draft June 5, it was stated today by Colonel James Renayne, U. S. A., who has been placed by Adjutant General Dickson in charge of the central registration office at the state arsenal.

Registration blanks have been sent to the warden of the Joliet penitentiary where there are 1650 inmates and to Chester where there are 1300 inmates as well as to the reformatory at Pontiac where 1,000 men under 26 years old are wards of the state.

Prisoners in county jails and city police stations will be taken care of by county and city authorities, Colonel Renayne said.

FAVORABLE WEATHER ADVANCES VEGETATION

WASHINGTON, May 23.—Decidedly favorable weather for the advance of vegetation over almost all portions of the corn belt, in most of the western cotton states and in several of the Atlantic Coast states, prevailed during the week just ended, the national weather crop bulletin today announced.

Seeding of spring wheat is practically completed and the weather was favorable for germination and growth with prospects very promising in most districts, although some what late in some sections of the west. Conditions were much more favorable for corn in principal producing states. The acreage of abandoned wheat fields planted to corn is large in the central great plains region.

Potatoes were germinating well in nearly all districts and garden and truck crops made excellent progress in the central and northern states.

REGARD BRAZIL'S ENTRY IN WAR AS CERTAIN

WASHINGTON, May 23.—Brazil's entry into the war is regarded here as a question merely of days. Those who have watched South American developments closely believe the sinking of the Steamer Tijuca may provide the incident required to place the more pacific members of the Brazilian congress in the list of those willing to vote for active hostilities against Germany.

President Braz asked congress yesterday to revoke the declaration of neutrality and if congress accepts his suggestion a formal declaration of war will follow immediately. Brazil was one of the first South American countries to sever relations with Germany.

TO OPEN BIDS FOR MOTOR VEHICLES

CHICAGO, May 23.—Bids will be opened here June 8 by the quartermaster's department U. S. A., for 74,400 motor vehicles as follows:
One and one-half ton trucks, 35,000.
Three ton trucks, 35,000.
Half ton trucks, 200.
Three quarter ton trucks, 200.
Five passenger touring cars, 1,000.
Runabouts, 3,000.

In addition the bids will cover 5,000 motorcycles and 5,000 motor-cycles equipped with side cars. Bids on twenty repair shop equipments are also asked.

CHINESE PRESIDENT DISMISSES PREMIER

Action Probably will Make War Declaration Possible

Names Dr. Wu Ting Fang Acting Premier and Empowers Him to Form a New Cabinet.

Peking, May 23.—President Li Yuan Hung has issued a mandate dismissing Premier Tuan Chi Jui from office and naming Dr. Wu Ting Fang, former ambassador to the United States, as acting premier, and empowering him to form a new cabinet. This action probably will end the deadlock in parliament and make possible a declaration of war by China against Germany.

The provincial military governors, who were attempting to disband parliament, left Peking before the president took action against Tuan Chi Jui, as the president had positively announced he would disregard their demand for a dissolution of the legislative body. The president declared parliament must not be coerced in any way and announced his intention to conduct the government in accordance with the provisional constitution at any cost.

The disgruntled military governors probably will instigate protests in the provinces against President Li Yuan Hung for his rebuke to the military power, but the president's firm stand is inspiring admiration in unexpected quarters.

The indications are that the military leaders, headed by Tuan Chi Jui, lost public sympathy thru the demonstrations of the mob the night of May 10 when after riotous sessions in which the house of representatives refused to pass a resolution declaring war on Germany, the parliament building was surrounded by a large crowd which demanded war and made threats of violence.

SAYS GERMAN IMPERIAL REGIME THREATENED

GENEVA, via Paris, May 23.—Things are going badly in Germany and the Imperial regime is threatened, according to Dr. Aristides Aguiro, recalled Cuban minister to Berlin, who arrived here on his way to France, Dr. Aguiro said.

"I bring good news. I have been fourteen years in Berlin, and you can easily realize that I have been able to thoroughly study the character of our enemies. Things are going badly on the other side of the Rhine. The facade of the imperial edifice seems solid enough from abroad but in reality there are cracks in it."

Dr. Aguiro declared that there was no prospect of immediate improvement in the food situation in Germany. He said that no help could be expected from the occupied parts of Roumania as the lack of man power made a cultivation of the fields impossible.

REPORT AUSTRIAN COURT INITIATING PEACE EFFORT.

Amsterdam, May 23.—Via London.—The Roman Catholic newspaper Tyd says it understands on good authority that in accordance with the wishes of Pope Benedict the Austrian court is initiating a new peace effort.

ARREST THREE ALLEGED AUTOMOBILE THIEVES

St. Louis, Mo., May 23.—The arrest today of three members of an alleged gang of automobile thieves who are being sought in Detroit, will break up the gang it was stated by police here. This gang operating thru the middle west it is claimed has stolen more than 100 automobiles since Jan. 1. Four men are under arrest here and three in Springfield, Ill.

ASSOCIATED PRESS TO BUY LIBERTY BONDS

New York, May 23.—At a meeting of the executive committee of The Associated Press today it was unanimously resolved to transfer from the present investment the sum of \$200,000 of the emergency reserve \$200,000 of the emergency reserve been set aside for extra-ordinary news events) to the purchase of liberty loan bonds.

TO SEND SAW MILL UNITS TO FRANCE

Washington, May 23.—An agreement with the British war office under which the six New England states soon will send ten portable saw mill units, comprising four hundred expert woodsmen to aid the British armies in France was announced today by the American Forestry association. The plan is understood to have the approval of the war department, which on its own part is enlisting a regiment of foresters to serve with the American army engineers abroad.

IRVING R. VINCENT DIES

Ottawa, Ill., May 23.—Irving R. Vincent, a wealthy Ottawa business man who was recently appointed state grain inspector by Governor Lowden, died today after an illness of three days of diphtheria.

REPORT GERMANS RESUME BELGIAN DEPORTATIONS

HAVRE, May 23.—The Germans have resumed the deportations of Belgians, according to information received by the Belgian government. Three thousand persons are reported to have been deported from the suburbs of Brussels since the beginning of May.

The deportation of Belgians was reported to have ceased last month, owing to the representations made to Berlin by Pope Benedict and protests from some of the German Socialists. On May 14, however, the Belgian government learned that all men in the Belgian province of Luxembourg were being deported and that a census was for the purpose of replacing male agricultural workers by women.

AMERICA MAY POOL ITS PURCHASING

Would Construct Buying Machine for America and All the Allies for the Sake of Attaining Maximum Efficiency.

Washington May 23.—A program under which the American government virtually would pool its purchasing, for the sake of attaining maximum efficiency, with that of all the allies construct a buying machine into which hundreds of experts in many lines would fit as cog wheels and place one man in charge of the whole gigantic enterprise is under consideration and fast assuming definite outline. This man would be the world's super-buyer.

Into his hands the nations at war with Germany would place approximately \$10,000,000,000 a year, a store of money exceeding the fabled fortunes of the ancient Incas and with no parallel in modern history.

So far has the program progressed that officials entrusted with its execution already have a definite idea as to whom they will choose. While no final decision has been reached as to whether one man or a small command should be chosen, indications are that it will be one man and that his selection will be announced within the next fortnight.

Great Britain, France, Russia, Italy, Japan, Belgium—virtually all the nations linked with America in the war against Prussian autocracy—have agreed to the essentials of the scheme. At present the program hinges on the extent to which the United States will participate in the pooling arrangement.

WOULD AUTHORIZE THREE NEW CLASSIFICATIONS

Legislation to be Presented to Assembly Would Provide Reserve Militia, Home Defense Brigade and Volunteer Training Corps.

Springfield, Ill., May 23.—Three new military classifications in Illinois would be authorized by legislation which will be presented to the general assembly, perhaps tomorrow, it was announced by Adjutant General Dickson today following a conference with Governor Lowden and Lieutenant Governor Oglesby who is chairman of the military committee of the state council of defense.

The three new classifications are: First—Reserve militia.

Second—Home defense brigade of three regiments.

Third—Voluntary training corps. The "reserve militia" which would be recruited from complete units of the volunteer training corps, the formation of which was endorsed by the state council of defense in Chicago last Saturday. Formation of the home defense brigade was made necessary it was stated by General Dickson because regiments of the national guards are to be removed from the state July 25 to the southern department for training, leaving Illinois without protection in case an emergency should arise.

The legislation would authorize the governor to call upon the reserve militia in case of emergency and to muster them out when the emergency had passed. When in active service of the state, these troops would receive pay.

MAY 28-JUNE 2 WILL BE LIBERTY LOAN WEEK

CHICAGO, May 23.—The period May 28-June 2 will be "Liberty loan week" in Illinois, according to a proclamation issued by Governor Lowden today as follows:

"We are entering upon a war of such magnitude as we have never known before. The result of this war will determine for all time, so far as man can see, whether or not men shall have the right to govern themselves. If we win, we can look forward to countless years of happiness for our children and for our children's children. If we are conquered it matters not if we shall have lost everything in this world-wide strife. War in modern times means enormous cost in money as well as in men. I therefore urge upon all citizens to subscribe to the limit of their financial ability to the liberty war loan. In no other way can we show the world so well that we know what this war means and that we are resolved at whatever cost to win."

SOL SMITH HEADS BOND COMMITTEE

CHICAGO, May 23.—Sol A. Smith, president of the Northern Trust company who was appointed chairman of a committee named by the American Bankers association to assist in the sale of liberty loan bonds to farmers, livestock dealers and dairymen in the seventh federal reserve district which includes parts of Illinois, Iowa, Indiana, Michigan and Wisconsin, today announced the appointment of a committee to aid in the work. The Illinois members of the committee are:

W. A. Tilden, president Fort Dearborn National bank and M. A. Traylor, president of the Livestock Exchange National bank, Chicago; and E. D. Keyes, president of the Farmers National bank, Springfield. Homer A. Miller, president of the Iowa National bank, Des Moines, is the only Iowa member of the committee.

RETURNS FROM TEXAS

Mrs. Edward LaBoiteaux has returned from El Paso, Tex., where she spent several months at the home of Mr. and Mrs. Joseph Oppenheimer. Mrs. LaBoiteaux returns to Jacksonville much improved in health.

DIVERNON HAS BOOM.
Reports from Divernon, Ill., state that fully a score of houses are under construction at the present time. C. M. Strawn of Alexander, was in Divernon Wednesday to make some estimates on painting.

RAISE GASOLINE PRICE.
New York May 23.—The Standard Oil company of New York today announced an advance of 2 cents a gallon in the price of gasoline.

WAR NEWS SUMMARIZED

Inclement weather is holding Field Marshal Haig's men to their trenches along the Arras front and the expected recommencement of the offensive with the object of clearing out the Germans from the little sector of the Hindenburg line they still hold west of Bullecourt has not yet started.

The infantry also was inactive Wednesday along the French front where the Germans bombarded heavily the new positions captured by the French Tuesday night east of Chevaux and on the Californie and Vaucelle plateaus. The number of prisoners taken by the French in this region has now reached more than 400.

Likewise in the Isonzo sector of the Austro-Italian theater the infantry actively apparently has given way almost entirely to artillery duels of great intensity. The Rome war office reports the Italians have recaptured, after several days of heavy fighting positions the Austrians had wrested from them Monday night in the Travinolo valley on the Trentino front.

Germany's submarine campaign apparently is still falling far short of the expectations placed on it by the German admiralty. The report of the British admiralty on tonnage sunk last week shows that eighteen merchantmen of more than 1,000 tons and nine of less tonnage were sent to the bottom. In the first category the figures are the same as those given the previous week while in the second category they are four more. This, however, is far below the million tons a month average expected by Germany.

There seems to be a likelihood that Germany soon will have two additional enemies ranged against her—Brazil and China. The president of Brazil has requested congress to revoke Brazil's declaration of neutrality, which doubtless would be followed immediately by the proclamation of a state of war, while the president of China has dismissed the premier and ordered the formation of a new cabinet, which is considered in Peking as likely to end the deadlock in parliament and make possible a declaration of war against Germany by China.

HEARTY RESPONSE GREETING OFFERING

WASHINGTON, May 23.—An overwhelming response has greeted the treasury department's latest offering of \$200,000,000 short term certificates of indebtedness, part of the liberty loan financing. The offering has been oversubscribed. It was officially announced tonight by approximately sixty percent and the books have closed two days ahead of date originally set because no further subscriptions can be taken.

The certificates bear interest at the rate of three and one quarter percent, one fourth of one percent higher than the last offering, are due July 30, and while they are not directly convertible into liberty bonds are receivable at par and accrued interest in payments made by subscribers to the bonds.

Allotments of the offering will be made tomorrow.

PASS SECOND READING OF BILL

London, May 23.—After ten days of debate, devoted mostly to the question of woman suffrage the House of Commons tonight passed the second reading of the franchise reform bill.

The vote was 345 in favor and forty in opposition to the measure.

"WHISTLE"
Whistle!
Who knows what "Whistle" is?

BRITISH ADMIRALTY REPORTS ON SINKING

Losses Being Kept at Low Figure and Offensive Against U-Boats Continues to Show Favorable Results

London, May 23.—The sinking of eighteen merchantmen of more than 1,500 tons is reported in the weekly shipping statement. Nine vessels of less than 1,500 tons and three fishing vessels also were sunk.

This week's figures of vessels sunk by submarines show that the allied navies are keeping up the good work of the previous fortnight and the American unit, although still a small one shares the credit for excellent work. Not only are the sinkings being kept at a fairly low figure but the offensive against U-boats also continues to show favorable results. The actual figures in this respect, however, are not known.

The British admiralty this week wears a pleased smile at the mention of the submarine campaign. The German naval people freely predicted that England would be "on her knees by June 1" and gloomy pictures were painted of grim famine certain by that date for the people of Great Britain and France. June 1 is almost here and German victory in the submarine warfare seems as far distant as ever. An admiralty official speaking to The Associated Press said:

"The American destroyers are playing no small part in the anti-submarine war and our officers have expressed the greatest enthusiasm at the spirit, enterprise, acumen and quick-wittedness with which the American unit has taken up its work."

"The Germans, who at first said they would strip us of our Tonnage by June 1, have now advanced the date to October, and we are confident that when October comes they will be under the same necessity of advancing the date again."

THE PIED PIPER OF HAMELIN

A Cantata by Cyril Graham, will be given by the Madrigal Club of Illinois Woman's College

THIS EVENING

at 8:15

They will be assisted by the Ensemble Class and

Mrs. R. M. Day

The Ayers National Bank

OFFERS FACILITIES
FOR BAND TRAINING

War Department Tendered Services of University of Illinois Where Specialty Has Been Made of Work for Years—Equipment Largest and Most Complete of Any in Country.

Urbana, Ill., May 23.—The War Department of the United States has been offered the use of the facilities of the University of Illinois for the training of members of military bands, especially band-masters.

The University has made a specialty of this work for some years. Enrollment of the University bands is said, is larger than that of any other university or college in the United States. The three military bands and the bugle corps had a total membership of more than two hundred for the last year. Their equipment is said by President Edmund J. James of the university to be the largest and most complete of any in the country, and has been designed especially to solve problems connected with the military training

of band-masters.

"A complete band of the University and the long experience of the band-master, Mr. A. A. Harding, has added efficient and effective music training for military purposes," said President James. "It is intended to organize at the University a training station for military bandmen, especially band officers, and to maintain a bureau of information thru which the United States war department may be assisted in getting trained bandmen from graduates of the University."

Annual Concert — Illinois Woman's College Madrigal Club Tonight at 8:15. Tickets 25c.

MADRIGAL CONCERT TONIGHT

The annual concert of the Woman's college Madrigal club will occur tonight at 8:15 o'clock in Music Hall. The program is in two parts, the first miscellaneous, consisting of several groups of part songs by members of the club, a number for piano, violin and organ and a violin solo by Mrs. R. M. Day. The second part will consist of the Cantata "The Piper of Hamelin." The intention was to have the college orchestra play the accompaniments, but owing to the delay in receiving the orchestrations this plan had to be abandoned and the accompaniment will be played on the piano and organ. The incidental solos will be sung by Miss Lazelle, who conducts the chorus in the first part of the concert.

BUSINESS COLLEGE NOTES

Miss Florence Biggs and Fred Mayer of Brown's Jacksonville Business College have secured good positions recently. Miss Biggs is with the Central Illinois Grain Co. of Ashland, and Mr. Mayer will begin with Ward & Ely in the Ayers Bank Building, June 1.

Miss Genevieve Mount is doing temporary office work for Miss Patterson at the School for the Deaf.

COMPANY B DESERTERS

Immediately following the drawing of James Cooper a member of Co. B., at Louisiana, Mo., Richard Hudson, Thomas Hare and Henry Carlson who enlisted with Cooper deserted the company and returned to their homes in Virginia.

Wednesday a United States Deputy Marshall went to Virginia and placed the men in custody and took them back to Louisiana where they probably will spend some time in the guardhouse on account of their escape.

U. S. ARMY ENGINEERS

REACH ENGLAND
London, May 23.—The first detachment of United States army engineers under command of Major Persons arrived in London this evening. The second unit of the American hospital corps has reached Great Britain.

WILL NOT SELL LIQUOR

TO SOLDIERS OR SAILORS
Chicago, May 23.—Hotel men today after receiving an explanation from Federal officers of the selective conscription law, pasted notices that liquor will not be sold to soldiers or sailors in uniform.

UNIFORMS ARRIVE

Fort Sheridan, Ill., May 23.—Uniforms for practically every man in the officers' training camp arrived today and they put aside the college sweaters, gymnasium suits and civilian clothing in which they have been drilling.

The men were instructed today in the mechanism of the rifle.

SENATOR LANE DIES

San Francisco, Cal., May 23.—United States Senator Henry Lane of Oregon died at a hospital here late tonight from a nervous disorganization produced by a blood clot on the brain.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2928 Olive St., St. Louis, Mo. Sold by druggists.—(Adv.)

MORTUARY

Wilkinson.

Clarence Wilkinson, aged 22 years died Wednesday evening at 6 o'clock after an illness of several weeks.

Deceased was the son of William and Anna Probst Wilkinson and was born in this city April 6, 1895. He was reared here and educated in the public schools of the city.

He is survived by his parents and two brothers, Arthur and Paul Wilkinson, and one sister, Ruth Wilkinson, all of this city.

After completing school he entered the employ of the Chicago, Peoria & St. Louis railroad company shops and learned the trade of machinist which he followed up to the time of his last illness. He was a good workman and was a young man well liked by his associates.

He was a member of Centenary church and was active in the work of the church and Sunday school. He also was a member of Favorite Lodge No. 376 Knights of Pythias and held the office of prelate of the lodge.

Funeral services will be held from the residence Friday afternoon at 3 o'clock in charge of the Rev. E. L. Fletcher. Burial will be in Jacksonville cemetery.

Browner.

John Browner one of the oldest colored residents of the city died at Passavant hospital Tuesday afternoon after an illness of several days. Deceased was born in Edwardsville in 1846 and had been a resident of the state all his life and had resided here for more than thirty years. He followed the occupation of cook and was employed in hotels and restaurants here for a number of years. For the past three years he has been employed as laborer for W. E. Hall of 709 South Main street and had a room at the residence. The funeral will be held from the Gilham undertaking parlors this morning at 10:30 o'clock with burial in Jacksonville cemetery.

Beerup.

Charles Edgar Beerup passed away Wednesday morning at 2 o'clock at his home 471 South East street, after an illness of five months.

Deceased was born and reared in Franklin, following the occupation of a barber, a trade he learned in the shop of his father. The father, Andrew Beerup, passed away Aug. 9, 1916 and the family removed to Jacksonville, the son taking employment in the shop of Mr. Slater on East Morgan street. Mr. Beerup is survived by his mother, seven sisters and three brothers. Mrs. Roy Hiles and Mrs. Henry Van Ocken, Jacksonville, and Mrs. Dean Tucker, Franklin, Mrs. Earl Staats, Detroit, Mich., Lillian Beerup, Alberta and Earl Beerup, at home, are sisters. William Beerup, Fred and George Beerup, are the brothers surviving. One brother and one sister preceded Mr. Beerup in death. The deceased was a young man who stood high in the respect of many friends, and his loss will be mourned on every hand by those who had learned to know him well.

Funeral services will be held Friday afternoon at 1:30 o'clock at the Christian church of Franklin, in charge of the pastor, Rev. James Todd, Jr., assisted by the Rev. W. E. Keenan, pastor of Franklin circuit.

Ott.

Miss Marian Ott, 16 years old, daughter of Judge and Mrs. J. M. Ott of Petersburg, passed away at her home Wednesday morning, according to word received by friends in Jacksonville. The deceased had often visited at the home of Henry Engel.

Funeral services will be held in Petersburg Friday, Miss Lena Engel and perhaps other members of the family will attend.

FUNERALS

Colwell.

Funeral services for Mrs. Melinda Jane Colwell were held from the residence, 1408 East Railroad street at 10:30 o'clock Wednesday morning in charge of the Rev. J. H. Fisher, pastor of Bethel A. M. E. church. Music was furnished by the choir of the church. The flowers were cared for by Mrs. Louis Carter, Mrs. William Gray, Mrs. George Clark, Mrs. Anna Wright and Mrs. Edward Burton. Burial was in Jacksonville cemetery the bearers being, William Gray, Louis Carter, James Matthews, Peter Donay, Levi Postley and Anderson Mosely.

Cooper.

Funeral services for James Cooper, private of Co. B., drowned at Louisiana, Mo., were held at Virginia Tuesday morning at 8:30 o'clock in charge of the Rev. C. E. French, pastor of the Christian church.

The services were very brief and were held at Walnut Ridge cemetery where burial was made. Music was furnished by the choir of the church. The members of Downing post G. A. R. of Virginia attended the funeral in a body. Miss Cora Caywood was among those from the city who went to Virginia to attend the funeral.

RED CROSS ORGANIZER

WILL SPEAK TONIGHT

All who are interested in the Red Cross work in any phase are invited to the public library this evening when Lewis Wiggins of Springfield, a Red Cross organizer, will speak to the directors. Mr. Wiggins will be the first authorized Red Cross authority to visit Jacksonville and the directors hope that a large number will take advantage of this opportunity to hear him.

BIRTH RECORD

Born Wednesday to Mr. and Mrs. Orville Coultas, southeast of the city a daughter, Mary Baxter Coultas.

Born, at Our Savior's hospital, to Mr. and Mrs. W. R. Cannon of North Main street, a daughter, Margaret Ellen.

Born, Wednesday to Mr. and Mrs. Norman Carlson of Murrayville, a son.

SOCIAL EVENTS

Pre-Nuptial Events for

Miss Anna Brown
Mr. and Mrs. Harrison W. King, 1136 West State street, entertained last evening for the wedding party of Marcy W. Osborne and Miss Anna Pauline Brown. Five hundred was a feature of a very delightful social evening.

Wednesday afternoon Mrs. William Barr Brown entertained at bridge, honoring the prospective bride. Guests from out of the city were Mrs. B. W. Brown of Island Grove, Miss Helen Mathews and Miss Ruth Strawn Mathews of Kansas City, Mo., Mrs. John Goltra of Los Angeles, Cal., Mrs. J. R. Mathews of Chicago and Miss Ruth Henry of West Bend, Wis. The highest score at play was made by Mrs. John Goltra. Toward the close of the afternoon, a dainty luncheon was served.

Teachers Given Banquet

at David Prince School

A six o'clock banquet was served at David Prince school Wednesday evening at which the guests of honor were the teachers of the building. Supt. and Mrs. H. A. Perrin, the janitors, Mr. Fernandes and Mr. Redding and Mrs. Redding, the special teachers, Miss Agnes Rogers, and Miss Ella Newman. The officers and committees of the David Prince school. Parent-Teacher association were the hostesses. The dinner was altogether informal and highly enjoyable. Mrs. G. R. Bradley is president of the association and Mrs. H. L. Griswold is vice president. Mrs. R. J. Pyatt is secretary and treasurer. The committees are:

Constitution and by-laws—Mrs. H. L. Griswold, Mrs. A. C. Seacrest and Miss Wylder.

Refreshment committee—Mrs. Clarence Reed, Mrs. James Green, Mrs. Linderman, Mrs. H. A. Perrin, Mrs. Wallace Brockman and Miss Ella Newman.

Nominating committee—Mrs. Olive Parker, Mrs. John Pires and Mrs. H. A. Furry.

Membership committee—All of the teachers.

Program committee—Mrs. Towle, Mrs. F. L. Hairgrove and Mrs. L. B. Turner.

Franklin Home-Makers

With Mrs. J. B. Sears

Mrs. J. B. Sears entertained the Home-Makers' circle of Franklin at the regular meeting Tuesday and the afternoon hours were spent in profitable manner. Red Cross activity was discussed and a committee appointed to inquire into the best method of work. The roll call was answered by the naming of an occupation for women. "The Employment of Women in Early Days," was the subject of an interesting paper by Mrs. Newton Woods.

Mrs. Sallie Wyatt was absent and her topic, "Food and Morality," was given over to a round table discussion.

Mrs. J. Nelson Jerman was elected to membership in the circle. The circle joined in singing "America."

A social hour followed and Mrs. Sears served delicious refreshments. Visitors were Mrs. Albert Hamilton, Mrs. Harry Hamilton, Mrs. Henry Sears and Mrs. Allen.

The next meeting will be held with Mrs. Sam Darley who exchanged with Mrs. Snyder.

Black-Caldwell Wedding

Invitations Issued

Mrs. Samuel W. Black has issued invitations for the marriage of her daughter, Martha Irene, to Eugene E. Caldwell of Havana, the wedding to take place at the home, 826 West College avenue, at 8 o'clock Thursday evening May 31st. The at home cards read "July 1st, Havana, Ill."

Baptist Aid Society.

Members of the Pastor's Aid society of the First Baptist church met at the church Wednesday for an all day session. The time was spent in quilting. At noon a bountiful lunch was served, and much enjoyed by those present. The day as a whole was one of much pleasure and profit.

Mrs. Goltra will entertain the Sewing circle of the church at her home on Mound avenue Friday afternoon. The time will be spent in sewing, the ladies bringing their own work with them.

May Day Breakfast

At Woman's College.

The annual May breakfast at Illinois Woman's college, given under auspices of the College Y. W. C. A., was a success in every particular, tho the cool weather Monday morning made it necessary to serve indoors. Several friends were present from the city to partake of the abundant hospitality afforded. The event was in charge of the social committee, of which Miss Oaken is chairman.

Strawn's Crossing Club

in Regular Meeting.

The Strawn's Crossing Woman's club held the regular meeting Tuesday afternoon at the home of Mrs. A. C. Foster, with Mrs. Harry Foster and Mrs. Frank Foster and Misses Lillian Cleary, Ruby Cully and Nellie Green assisting the hostess. Six guests were present in addition to the members. The roll call topic was "How can we make Home Life more simple and more useful?" Mrs. Pearl Cully, Mrs. Mollie Phillips and Mrs. P. D. Trotter were among those appearing on the program. "Bread making was the title of an interesting paper presented. After the program a social hour prevailed and refreshments were served.

MURRAYVILLE BOYS ENLIST

Three young men from Murrayville took examination for army service this week in Springfield, and two, Reaugh Jennings and Ira Fanning, were accepted. Jennings will be in the engineering service and Fanning in the hospital corps. Both were assigned to Jefferson Barracks. Vivian Craigmuir was rejected on account of his weight.

C. E. PAXSON WRITES FROM
JEFFERSON BARRACKS

Former Jacksonville Resident is Engaged in Army Y. M. C. A. Work — Is Member of the Drury-Paxson Family

Commenting on a recent article in the Journal written by Mr. Ensley Moore and telling of army Y. M. C. A. work at Jefferson Barracks, C. E. Paxson of St. Louis has the following to say:

St. Louis, May 22, 1917.

Editor Jacksonville Journal:—I saw your brother's office this morning I saw a copy of the Journal of last Thursday on his desk and read with great interest the account of the Drury-Paxsons, of which latter family I was the youngest member at Jacksonville.

Glancing over the paper for something of further interest I saw the heading "Soldiers of Jefferson Barracks Write Home" in which an account and appreciation of the excellent work done here by the Y. M. C. A. among the soldier boys was given. I was at once interested, as I have had the privilege of doing some little work there and was further surprised and delighted to find that my pianist when I preached there a week ago last Sunday was a Jacksonville boy, for I was the St. Louis preacher referred to and had the greatest privilege of my life when 27 men came forward at the close and gave me their hands in token of their enlistments in the Army of King Immanuel. It is truly a great work that is being done here thru the Y. M. C. A. as this is the concentration camp for twelve states and from six to ten thousand men are here constantly with men coming and going daily by the hundreds.

It is the aim of the Y. M. C. A. to give a pocket testament to every soldier who will promise to read it and so far the demand has exceeded the supply.

Very Sincerely Yours,
C. E. Paxson.

Annual Concert — Illinois Woman's College Madrigal Club Tonight at 8:15. Tickets 25c.

A REMARKABLE CEMETERY

Some years since Rev. G. T. Wetzel, pastor of the Hebrew, Shiloh, Salem circuit, had charge of a church named Zion and situated a few miles north of Lincoln. Although not a large church its small cemetery was remarkable for one thing, having in its bounds graves of veterans of the revolution, war of 1812, Black Hawk war, Mexican war, war of the rebellion and Spanish war. The people of Lincoln used to visit the place in good numbers on decoration days and when there was a salute fired it was always over the grave of the revolutionary soldier. He was first buried in Indiana but the body and old sandstone head mark were moved to Zion cemetery to remain permanently.

ALLEN IMPROVEMENT CLUB.

The Allen Improvement club will meet with Mrs. Ida M. Saltee of Tendeck street this afternoon at 2:30 o'clock.

We want the privilege of going over our offerings with you; we can show you something to your liking.

SALVATION ARMY TO AID U. S. IN WAR WORK

Plans Outlined at Recent Conference Held in Chicago—Local Officers Were in Attendance.

At a recent meeting of the Illinois officers of the Salvation Army held in Chicago definite plans were made for aiding the U. S. government in the present war. In accordance with the arrangements decided upon one ambulance unit will be equipped and named for service with the U. S. army by the western division of the Salvation Army, which includes all of the western states. The Army will provide half of the ambulances and the government the other half, and all chaplains, bandmen, chauffeurs and assistants will be provided by the Army.

Ready for Services in Either Army. The western states will also provide a considerable number of army chaplains and nurses. The Army has requested that each young woman officer be in readiness for such service as she may be called upon to perform, whether by the government or the Salvation Army, and it is probable that a number of them will be called upon for service in hospital and Red Cross work. Many of these women will also be in charge of the "Hutments", which are to be equipped and maintained by the Salvation Army at each camp or post in the United States, and also with the army when it goes abroad into active service at the front. These Hutments are Salvation Army headquarters, including lunch rooms, lounging, reading and rest rooms and like provisions for the comfort and well-being of the men in camp. The work to be done at these headquarters includes religious services and instruction of a useful kind.

A representative of the western division of the Salvation Army is now at Washington concluding the plans for the work to be undertaken, to finance which each Army officer has been asked to contribute two percent of all money received from whatever source.

Local Officers Attended. Lieut. Olive Estill and Lieut. Grace Smith of the local Army corps were in attendance at the Chicago meeting. While there Lieut. Estill visited with her parents, Commissioner and Mrs. Thomas Estill, who will leave shortly for a trip to the Pacific coast and Honolulu, sailing for the latter place June 5.

The date for the Salvation Army tag day has been changed from Saturday, May 26, to Saturday, June 2. This postponement has been made necessary by the absence for several days of the local Army officers. All churches of the city will co-operate in the effort to make Tag Day a success. A number of young women representing the various churches will serve as collectors on that occasion.

For Sale—On next Monday, Tuesday and Thursday, from 9 to 11 a. m., handsome walnut book case, walnut side board, Flemish oak extension dining table and linen cabinet. 316 Woodland Place.

ART EXHIBIT AT HIGH SCHOOL. The parents and friends are invited to attend the art exhibit at the high school building Thursday and Friday afternoons from three to six o'clock. It is interesting to note the design and construction from the mats made by pupils of the first grade and the leather work on display by students of the high school.

JURY SELECTED FOR PARR-COWDEN CASE

Damage Suit Will Probably Occupy Attention of Circuit Court Today—Other Cases Called

The damage suit of John Parr against Miss Mabel Cowden occupied all day Wednesday before Judge Smith in the circuit court.

The case is the result of a collision which occurred near the city last September between the automobiles of Miss Cowden and Mr. Parr. Both cars were damaged somewhat.

The case was set for trial last fall but owing to the illness of witnesses for the defense a continuance was granted until this term. The entire day was taken up with the selection of a jury and the taking of evidence. It is probable that the case will take most of today with the arguments of attorneys and instructions to the jury.

The jury selected to hear the case is composed of the following: Frank Baker, Leonard Dalton, Frank Sweeney, Frank Hunter, Richard Stanley, T. E. Jewsbury, P. E. Sheehan, Elmer Nicholson, A. E. McCauley, C. H. Beerup, Thomas E. Clancy and Charles Holmes. W. T. Wilson and Hugh Green are attorneys for Miss Cowden and William N. Haigrove is attorney for Mr. Parr. The following orders were entered:

People's Cases
People vs. Richard Wallace alias Dick Wallace, indictment for larceny. Continued with alias.
People vs. William H. Frye, grand larceny. Continued with alias.
People vs. Dick Wallace, horse stealing. Continued with alias.
People vs. William H. Frye, burglary and larceny. Continued with alias.
People vs. Art Anders, Edgar Hopper, and Lloyd Hare, burglary and larceny. Continued with alias.
People vs. Percy McKean, burglary and larceny. Continued with alias.
People vs. Carl Ross, murder. Continued with alias.
People vs. Elizabeth Carter and John Carter, arson. Continued with alias.

NEW STAMPING MACHINE RECEIVED AT POSTOFFICE

Has Capacity of 600 Letters and Cards Per Minute With Almost Perfect Efficiency.

A new letter cancelling machine has been added to the local postoffice equipment and, to judge from its operation Wednesday the machine will save much work on the part of the employees. From operation tests made it was found to have a speed of six hundred letters per minute or one hundred fifty more than the stamping machine replaced. The new equipment is chiefly valuable for the high efficiency of work done. But one letter was missed Wednesday out of a packet of 144 letters and cards and the record is even better when the matter cancelled is of uniform size. Postmarks made by the new electric cancellation machine are uniformly placed and very neat in appearance.

Indications are that postal business will continue to increase at the local office. During a period of two and a half years a ten thousand dollar increase has been recorded. In the matter of new equipment the postoffice department favors, those called to Postmaster Dunlap and the improvements received from time to time are a double source of gratification to postmaster Dunlap and the local force.

I have sold my grocery to E. H. Twyford and ask for him the same patronage given me. Thanking my patrons for their trade in the past I am going back to the farm.
A. B. Kinnett.

EPISCOPAL SYNOD.

The Episcopal synod and the women's auxiliary of the Springfield diocese are in session in Springfield. Sessions began Wednesday and will continue today. Right Rev. Granville H. Sherwood, bishop of the diocese, opened the services Wednesday morning at 10 o'clock with a celebration of the Holy Eucharist. The sermon of the session was preached by Rev. John G. Wright of Greenville. The session of the auxiliary began at 2 o'clock Wednesday afternoon. Rev. and Mrs. J. F. Langdon of this city went to the capital city to be present and Mrs. Andrew Russell, Mrs. J. G. Ames and Miss Mabel Potts are among those who expect to go today.

Sherman Luttrell of Waverly brought his wife daughter and a friends to the city Tuesday evening to witness the play "Experience" at the opera house. On his way he had the misfortune to burn out a bearing on his car and was obliged to stay all night. He found the roads quite muddy coming in but his Ford car pulled thru.

MRS. J. D. HENSON, OF WINCHESTER, TAKEN

Death Came Wednesday Morning After Several Weeks of Illness—Many Scott County Teachers Appointed—Other News.

Winchester, Ill., May 23.—Mrs. Millie A. Henson, the wife of J. D. Henson, passed away at her home here this morning at 6 o'clock after an illness of several weeks duration. Mrs. Henson is survived by the husband, one daughter, Mrs. Charles Blair of Glasgow, and a son, Wesley Henson of Dinchester. The sisters are Mrs. Mary J. Fletcher of Newport, Ore., Mrs. Sarah Hardister and Mrs. Lucinda Murray of this place. Mrs. Charles Crisp of Jacksonville and Miss Alice Taylor of Jerseyville, John W. Taylor of Winchester and Wesley Taylor of Virden are the brothers. Deceased was the daughter of John H. and Millie Taylor and was born and reared on the Taylor homestead, three and one-half miles northwest of here.

The funeral services will be held Friday afternoon at 3 o'clock at Winchester Baptist church, in charge of the Rev. W. H. Vreath of Danville, assisted by the pastor, Rev. W. F. Johnson.

County Teachers Employed. Most of the Scott county teachers have been hired for next year although the official list of the county superintendent, Mr. Ward, is incomplete by reason of a failure on the part of some of the directors to report promptly. The Manchester teachers are C. F. Farnkopf, principal, and Miss Mary A. Linn, Miss Florence Collins, Miss Blanch R. Bray and Miss Cora May Walker. The county appointments, by districts and name of school are:

1. Akers—Miss Ione Kuechler.
2. Independence—Miss Ruth Wallace.
3. Nemo—Miss M. Helen Saye.
4. Claywell—Miss Ella McLaughlin.
5. Alsey—Harley Hitch, principal, and Miss Barbara Owings, primary.
6. Sandridge—Eugene A. Rochester.
7. Zion's Neck—J. A. Leitz.
8. Harts—Miss Bessie Coultas.
9. Sugar Grove—Miss Bessie E. Six.
10. Point Pleasant—Miss Lena A. Hayden.
11. Victory—Miss Florence Lashmet.
12. Eureka—Miss Bernice Burrows.
13. Pin Oak—Miss Marjorie Leib.
14. Merritt—Clyde Taylor.
15. Oak Dale—Le Belle M. Vannier.
16. Bluff Dale—Miss Mildred Green.
17. Ridge School—Margaret E. Green.
18. South College—Miss Eva Lane.
19. Seminary—Miss Ruth Reeder.

Winchester Personals.
F. M. Palmer of Hannah, Okla., is spending a few days here. Mr. Palmer, who was formerly in the newspaper business here is now proprietor of the Hannah Dispatch.

Mrs. James Devore of Woodman and daughter, Mrs. Stein of Aurora came Wednesday for a visit with Mrs. Shepard at the home of Mrs. Elsie Watson.

Mr. and Mrs. Frank Thomas and Miss Hazel Thomas visitors here from Los Angeles, Calif., left Wednesday for a short stay with Woodhouse friends.

MURRAYVILLE JUNIORS ENTERTAINED SENIORS.

Following a custom of some years' standing juniors of the Murrayville high school entertained the seniors Tuesday evening. A variation was made from the usual program in that the seniors were asked to attend "Experience" at the Grand Opera House. Teachers of the Murrayville school were included in the party. The original plan was to come in automobiles and the services of Robert Osborne, George Kennedy, Jay Millard, Charles Dunnaway and C. J. Millard had been secured. But rain interfered with this plan and then the juniors determined not to have their plans spoiled, prevailed upon C. T. Daniel, C. A. agent at Murrayville, to arrange to have the 9:30 train held in Jacksonville until the opera house performance was over. Members of the party came to the city late Tuesday afternoon, had a dinner at the Pacific and a little later occupying seats at the opera house. Everyone in the party enjoyed the event greatly.

In addition to the seniors and juniors the party included Miss Bessie G. Hart, Messrs. F. J. Harney, Edwin Clemmons, C. J. Wright and Charles Dunnaway. The class members were:

Seniors—Misses Grace Clark, Thelma Dunnaway, Alma Jennings, Mary Burke and Gertrude Johnson; Messrs. George Kennedy, Guy Smith, Willard Messer and Dewey Hatch.
Juniors—Messrs. Harriette E. Cox, Florence M. Short, Faye M. Kimer, Mary Clark, Cecile Thady, Amelia Lamb, Marie Burns; Messrs. Thomas Koynne, Leo Connolly and Robert Osborne.

Galli-Curci, soprano, and Rudolph Ganz, pianist, in joint recital May 30th, in State Arsenal, Springfield. Reserved seats on sale at J. P. Brown's Music Store, Jacksonville, Ill. Tickets \$1.00.

PERCENTAGE AT J. H. S.

The grades of the ten highest pupils of Jacksonville High school for the four years course follow:

| | |
|--------------------|-------|
| Albert De Witt | 94.63 |
| Cora Cherry | 94.08 |
| Carol Hall | 93.65 |
| Everett Kuykendall | 93.03 |
| Ruth Hillierby | 90.63 |
| Laura Smith | 91.79 |
| Anna Palmer | 91.91 |
| John Badger | 90.52 |
| Opal Marshall | 91.02 |
| Emma Wiggins | 90.33 |

Special Introductory!

These prices conditional as long as quantity lasts allotted to us.

MYERS BROTHERS.

BUSINESS CHANGES ANNOUNCED WEDNESDAY

John Breen Will Be Associated With Cosgriff Bros. in Grocery Business—P. E. Newell Light Company Auditor Will Enter Office of McCarty-Gebert Co.

A business announcement involving several position changes was made Wednesday. John Breen, who has for a considerable period acceptably filled the position of bookkeeper for the McCarty-Gebert company, has resigned and will be succeeded by P. E. Newell, who has for several years been auditor for the Jacksonville Railway & Light company. Mr. Breen is giving up his present work in order to become associated with Cosgriff Bros. in the grocery business. The new firm will be known as the Cosgriff-Breen company and Mr. Breen will be the active manager of a store to be erected at the corner of Clay and Morton avenues. It is the intention of the Cosgriff-Breen company to establish a number of grocery stores. Temporarily Mr. Breen will be at the West College street store of Cosgriff Bros.

Mr. Newell will not enter upon his new work until the Railway & Light company has found a suitable successor. This will not be an easy task, for Mr. Newell has been accounted one of the most competent men in the employ of the Illinois Traction company. He took special training for his work and this, combined with natural adaptability, made him a valuable worker in the department under his charge. Supt. Gray of the Jacksonville Railway & Light company yesterday expressed regret because of Mr. Newell's decision to leave the company's employ.

Mr. Breen is not only a competent bookkeeper but has also had a considerable active business experience and will prove a valuable member of the firm in which he is soon to be a partner. Several years since the Cosgriff Bros. started in the grocery business and they have displayed unusual ability and have each year increased the volume of their trading in a way surprising for rapidity. They are ambitious and industrious and it is to be expected that in conjunction with Mr. Breen their business will continue to grow in a very gratifying way and the Cosgriff-Breen string of stores will no doubt be a reality in the course of a year or two.

It is announced that the Cosgriff Bros. have formed the Cosgriff Amusement company and will within a short time establish an amusement park equipped in a way which will attract patronage of both old and young.

A. J. Johnson of Litchberry made a trip to the city yesterday. He gives an encouraging account of prospects in his vicinity and says an unusual amount of corn was planted last week tho there is yet much to be planted.

MANCHESTER POST MASTER LEFT TOWN

Alva Dawson Disappeared Last Thursday and His Relatives and Friends are Worried—Served as Post Master Since Last September.

Manchester, May 23.—No trace has been found of Alva Dawson postmaster at this place who disappeared last Thursday. Dawson was appointed postmaster last September. Postal authorities have been examining Dawson's accounts to see if there are any irregularities.

Dawson before coming to Manchester was a resident of Winchester. He is a paperhanger by trade and is crippled and unable to do much hard work. It was largely on account of his physical condition that he was appointed postmaster.

It is said that for some time residents have been dissatisfied with the service rendered and that Dawson allowed too many outsiders to be about the office and assist in the work.

Dawson has had for an assistant Ernest Herron who is proprietor of a restaurant in the same building with the postoffice. Mr. Herron was in charge of the office until Tuesday when Mrs. A. B. Rochester, who was Dawson's predecessor, was again placed in charge. Mrs. Rochester will remain until a permanent appointment is made.

Dawson also was prominent in temperance and Sunday school work and took an active part in all church activities here.

His mother resides in Springfield. She was notified of her son's disappearance and has assisted in every way to locate him. She is unable to assign any reason for his actions.

A GREAT SURPRISE
OWING TO CONTINUED UNSEASONABLE WEATHER, OUR ENTIRE STOCK OF LADIES' AND MISSES' WEARING APPAREL AND MILLINERY WILL BE ABSOLUTELY SLAUGHTERED AT ONCE TO CONVERT IN READY CASH. RAILROAD FARE REFUNDED ON PURCHASES OF \$15.00 AND OVER.

J. HERMAN. JACKSONVILLE'S RELIABLE OUTFITTER
ESTABLISHED 1890.

CARD OF THANKS.
We wish to express our sincere appreciation to many friends for the kindness shown during the sickness and after the death of Mrs. Melinda Colwell. We are especially grateful to Mrs. E. E. Crabtree and to employees of the Jacksonville Packing company, and their kindness will never be forgotten.
William Edwards and Luther Bundy.

MAXWELL CARS IN GASOLINE TEST

Kennedy Bros. Took Part Yesterday in Nation Wide Contest—Roadway from Virginia to Ashland Chosen for Trial.

Acting in accordance with a plan outlined by the Maxwell Automobile company, D. E. and John Kennedy yesterday made gasoline distance tests with two Maxwell cars. One car was driven 20½ miles on a gallon of gasoline and the other car 21½ miles. The roadway chosen for the test was that between Virginia and Ashland and almost the entire distance going and returning was made by each car with one gallon of consumption.

There are 2500 Maxwell dealers in the U. S. and all of them were requested to make this test with two cars on Wednesday, May 23. It was left to each dealer to choose the roadway on which to make his test. To stimulate interest the company offered prizes totaling \$2,500 in cash. Although such an excellent showing was made by Kennedy Bros., they are not expecting to get any of the prize money as the road conditions they encountered will by no means compare with the macadamized roads to be found in some other localities. They are expecting that where road conditions are very favorable, records of from 35 to 49 miles on the gallon will be shown. The company required three disinterested persons to accompany the driver of each car and to serve as inspectors.

Two especially designed cans, each holding just a gallon of gasoline, were sent to each dealer and when the test was started the feed pipe from the automobile tank was disconnected and connection was made with the gallon can. The three inspectors who traveled in the car driven by John Kennedy were Charles Savage of Virginia, H. W. Dinwiddie of this city. With D. E. Kennedy were Jerry Cox, S. T. Erixon and J. W. Walton. The road from Virginia to Ashland was chosen because it was oiled last year the entire distance and has been well dragged this season. It is comparatively smooth but spongy in a number of places and even a showing better than the very excellent one made would have been recorded if the road had been hard. Another condition unfavorable to the contest was the very high wind and the rate at which it was blowing undoubtedly increased the gasoline consumption.

Be sure and see the Hudson Super Six in its across the country run at the Grand Opera House this afternoon and this evening.

RECEPTION FOR PASTOR.
In honor of the Rev. F. M. Crabtree, who has resigned his Litchberry charge, members of the Baptist church there will give a reception Saturday evening.

TIRED OF LIFE

Constant Backache and Rheumatism

Foley Kidney Pills fixed up Texas brakeman so he's good as ever.

Almost down and out with kidney trouble. Rheumatism so bad he could scarcely get up when he sat down. Back ached all the time.

No wonder Mr. P. A. Wooten, brakeman on the road from Dallas to Jackson, Texas, "was tired of living."

"I saw Foley Kidney Pills advertised a short time I was thoroughly cured, and am having no more trouble."

Your kidney has been diseased—and with them the backache and rheumatism, by the use of Foley's Kidney Pills. Once your kidneys become strong and active, aches and pains will disappear like magic.

There's nothing to equal the genuine. It will help any case of kidney or blood trouble not beyond the reach of medicines. Contains no harmful drugs. Try them.

J. A. Obermeyer
City Drug Store,

Eczema Is Conquered

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore 25c or \$1.00 for extra large size, get a bottle of zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

MUNITIONS IS THEME AT ENGINEER'S MEETING

Seek to Develop Facts of Value to Government—Recommend Establishment of Ten Centers for Production of Machines for Shell Making—Favor Piecework System of Wages

Cincinnati, May 23.—Munitions formed the basis of today's program of the joint meeting of the American Society of Mechanical Engineers and the National Machine Tool Builders Association. The chief reason for the meeting was to develop facts that would be of value to the government. Trade profit and advancement were not considered. The phases touched on today include war-time shell making; the problems of organization for munitions manufacture; financing of munitions contracts; work connected with proper organization of munitions factories.

Among the experts who prepared papers for the meeting were Lucien I. Yeomans, an industrial engineer of Chicago; Arthur L. Humphrey, of Wilmerding, Pa., general manager of the Westinghouse company; Frederick A. Waldron, an industrial engineer of New York City, and Harry L. Coe, vice president of a Boston manufacturing company. Their papers brought out the following ideas: In shell-making, it was pointed out one of the first requisites is a proper location of the factory, with reference to labor supply and transportation. The other requirement for the proper sort of a plant, is a level, well-drained, unoccupied acreage, "grid-ironed" by railroads.

Dimensions of the plant should be determined by the size of shell to be manufactured, it was said, and assuming that the shell is to be the British type of 9.2 inch high explosive and that the output was to be 250 an hour, the manufacturing plant ought to be about one thousand by three hundred feet, containing six units capable of producing 42 shells an hour. Such a plant, it was said could be built and operated to capacity in 60 days.

It was recommended that ten centers to produce machines for shell making should be established, said in Chicago, Cincinnati, Cleveland, Milwaukee, Minneapolis, St. Louis, Birmingham, Ala., Philadelphia, Pittsburgh and Buffalo.

An organization for manufacture of munitions, it was said, should be built up around men who have had practical experience in munition making or similar work. They can be helped by women, especially on work requiring dexterity. Best results can be obtained by the use of automatic or semi-automatic machines, it was stated and emphasis was placed on the necessity for a skilled inspection department.

The meeting was told that making of munitions is a strictly engineering proposition and it was said that if engineering methods, as to contracts had been employed two years ago profits would have been far greater than they are. Failure to deliver munitions of sufficient quantity within the time specified was directly traced to lack of judgment in the amount of money demanded as advance payment, combined with a lack of sound financial management. An advancement payment of at least 25 per cent on munitions contracts was considered necessary. A piecework system of wages was recommended.

Galli-Curci, soprano, and Rudolph Ganz, pianist, in joint recital May 30th, in State Arsenal, Springfield. Reserved seats on sale at J. P. Brown's Music Store, Jacksonville, Ill. Tickets \$1.00.

TO CHOOSE NEW BISHOP

Minneapolis, Minn., May 23.—Representatives of the clergy and laity of the Episcopal Church in Minnesota began a special convention in St. Paul's church here today to choose a successor to the late Bishop Samuel Cook Edsall. The convention has a wealth of candidates to consider, chief among whom is Rt. Rev. Frank McIlwain, the suffragan bishop of the diocese. Other well known churchmen whose names are mentioned in connection with the honor are Bishop Nathaniel S. Thomas of Wyoming; Bishop Theodore S. Thurston of Eastern Oklahoma, Dr. Ernest M. Stires, rector of St. Thomas' church, New York City; Bishop H. C. Brent of the Philippines, and Dr. E. L. Parsons of Berkeley, Calif.

MICHIGAN GOOD ROADS

Saginaw, Mich., May 23.—Saginaw is entertaining for three days a large number of delegates and visitors who have assembled here from all parts of the state for the ninth annual convention of the Michigan State Good Roads Association. The business sessions are being held in the Auditorium and in connection there is a large display of improved road making materials and machinery.

FARMERS FAVOR PRICE FIXING

Fargo, N. D., May 23.—A minimum price of \$1 a bushel for potatoes and \$2 a bushel for wheat, to be guaranteed by the United States and Canadian governments to farmers, may be asked at the mass convention of farmers which assembled here today in response to a call issued by the Equity Co-operative Exchange, Farmers from many of the Northwestern States and from Western Canada are attending the meeting, which will continue in session for two days. The need for a maximum price to consumers will be discussed and a resolution will be introduced asking the Government to prohibit future trading in grains. Labor needs of farmers also will be discussed.

Edward A. Devlin has gone to Peoria to take an important position in the wholesale grocery house of Oakford & Farnestock. His friends will congratulate him on his change and hope he will be added to the list of Jacksonville young people who have made good.

OLD JACKSONVILLE

Some Old Advertisements

By Ensley Moore

(Member Illinois State Historical Society.)

Those who write history find matters of interest and value in many ways and places that others would not think of. An old newspaper is not merely valuable for its regular reading matter. Business or legal notices, even estray notices, and all sorts of advertisements show various old time ways and pursuits, and often show the presence of persons in various unsuspected localities. A copy of the "Illinois Patriot," edited and published here by Jas. G. Edwards, of the date of Nov. 30, 1833, is a proof of the assertion above made. In passing, it may be said that this copy of the paper was No. 52, of Vol. 2, so it shows just when our first newspaper began publication.

Josiah Lamborn, an early lawyer of Illinois, and one of the ablest public speakers the state has had, Stephen A. Douglas, Democrat, was pitted against Lamborn, Whig, in the first contest of the "Little Giant's" political career. It is said that Lamborn's intense party spirit helped rather than hurt Douglas in their discussions. Gen. Murray McConnel, in one of his accounts of our early bar, spoke of Lamborn as belonging here, but the writer has never till this found other evidence to that effect. But this old "Patriot" stands up for McConnel's correctness with the following card in its advertising columns:

"Josiah Lamborn, Attorney-at-law, Jacksonville, Ill. Office on the Public Square."

Moses, in his history of Illinois, referring in part to Lamborn, said: "Judge Lockwood's circuit, the old first, was the most difficult of all others to preside in because of the unequalled ability and fighting qualities of the bar. With Lamborn and Douglas, Judge Logan, Baker, Hardin, Lincoln, McConnel, Judge Wm. Brown, and David A. Smith for its leading members, every issue joined was bitterly contested."

In another place Moses said: "Josiah Lamborn was one of the most able, untiring, yet merciless prosecutors that ever lived. ***." Then Moses tells how Lamborn in his over-zeal took a rather weak man, who, with his father, was supposed to have murdered "Old Man" Fisher, to confess to it. While the reputation of the prisoner was good, Lamborn apparently had an unshakable case. The prisoners were the last to have been seen with Fisher, Judge Logan and Col. Baker were for the defense. "When the people concluded, the former arose and said: 'Your honor, I have only one witness to introduce, and he will now take the stand.' The door of the court room was opened, when in walked Sheriff Maxey with 'Old Man' Fisher himself." And Lamborn narrowly escaped being lynched.

"Lime. The subscriber has just burned a kiln of first rate Rock Lime, which he now offers for sale on reasonable terms. Also Rock suitable for building hearths, etc.

Z. Carter, Winchester, Oct. 12, 1833.

This Mr. Carter was probably the grandfather of Dr. Fred Noyes and Levi Doane, and an uncle or cousin of W. Chauncey Carter. He afterwards lived near Perry, in Pike Co.

The Drury's Again. Last week the "O. J." article was about the Drury-Paxsons. This "Patriot" had the following:

"Administrator's Notice. I have this day taken out letters of administration on the estate of Lawson Drury, deceased, etc. etc."

George Reierick also had an administrator's notice of the sale of certain real estate, but did not state to whom it had belonged.

"Public Sale."

We will sell on a credit of six months, purchasers giving bond and approved Security, four yoke of oxen and one ox-wagon, of the estate of Wm. Brown, deceased. Sale to take place at the mill in Island Grove, formerly owned by Jesse Edsall, on Saturday, the 23d November, 1833.

Harriet B. Brown, Executrix.

Wm. Brown, Jr., Executor.

This William Brown whose oxen were to be sold was supposedly ancestor of all the William Browns of his line, as evidenced by the signature of William, Junior, afterwards "The Judge"—brother of Capt. Jas. N. E. W., and Dr. Lloyd W.

Just at present the doctors are

EFFICIENCY SOCIETY CONVENES IN CHICAGO

"Human Factor in Industrial Preparedness" to be Considered—Growth of the Efficiency Movement in Chicago to be Shown by Exhibition

Chicago, May 23.—Consideration of "The Human Factor in Industrial Preparedness" by the Western Efficiency Society, which began here today a half-week session, will be followed Saturday with the organization, by delegates to the Efficiency Conference, of a body to be known as the "American Society of Industrial Engineers" and to be formed for the purpose of co-ordinating the work on all similar bodies.

William E. Hitchkiss, Dean of Northwestern School of Commerce will be chairman of the special session at which the organization of the new body will take place. This afternoon he will speak on the "Influence of the Educational Institution."

As a means of interspersing entertainment in the routine of the convention, inspection trips thru industrial sections of Chicago will be made and there will be an exhibition of the growth of the efficiency movement in this city, many Chicago firms having agreed to take part,

hunting up former practitioners of this region, so they may be interested in this:

"A Card. Doct. Wm. VanZandt, late of the city of Utica, N. Y., would respectfully inform the inhabitants of Schuyler county, and the public generally, that he has located himself in Rushville, Ill., where his professional services may be obtained as Physician, Surgeon and Oculist. Diseases of the eye, chronic, or diseases of long standing and surgery, will be the principal objects of his care. Rushville, Nov. 8th, 1833."

Here is another: "Law Notice. Walter Jones and J. J. Hardin, Have entered into a copartnership in the practice of Law. Business entrusted to them will receive prompt attention."

Jacksonville, June 15." This was about the first torpedo Hardin fired here. Who was Jones?

"Window Sash. Just received from Cincinnati, Ohio, a great variety of Window Sash—pine—and of the best quality. For sale at 8 cts. per light, by James E. Waldo & Co. Mercedosia, Aug. 17th, 1833."

This shows that our predecessors were getting out of their log cabins and the oak, walnut or cottonwood lumber.

The transportation business was becoming a necessity of the new state, only fifteen years, scant, in the Union, so the following was timely:

"Storage and Forwarding. Having large and convenient Warehouses, directly at the Steamboat landing, the Subscribers offer their services to the public in this branch of business. Cash Advances made on consignments to New Orleans, New York and Philadelphia."

Godfrey, Gilman & Co. Lower Alton, Nov. 11th, 1833." Here are some more lawyers:

"David Evans & J. J. Anderson Attorneys at Law, will practice in co-partnership in the courts of law and Equity, holden in the counties of Morgan, Sangamon, Greene, Pike, Fulton, Tazewell and Adams, as well as the Supreme Court. Their office is in Jacksonville, Dec. 1, 1832."

David B. Ayers, father of M. P. and A. E. Ayers, reminded his debtors that he would like to have them pay up. Then told his customers about his drugs, medicines, paints, oils, etc., adding

"Also On hand an assortment of School Books,

of the most approved authors, such as Webster's Geography, Kirkham's Grammar, Adams' Arithmetic, National Reader, Young Reader, etc., etc."

This was dated December, 1832, and his place of business was at the northwest corner of the Square and State street, and the name Ayers is still there.

Godfrey, Gilman & Co. also had a long string of goods advertised as opened at Lower Alton, among other things being "20 casks cut nails, 15 tons assorted flat iron squares, Bar Iron, * * * 1 hhd. Madder, * * * Old Maderia, Sherry, Teneriffe and Malaga wine in casks; Old Port in bottles, etc., etc."

Book Binding was also advertised to be done by Robert Goudy, who soon began publishing the first Democratic newspaper here, and we have not gotten rid of the Democrats since.

Gillett and Gordon say: "The subscribers will pay fifty cents per bushel of sixty pounds, in goods, for good, clean, dry, merchantable wheat, delivered at the Exeter Mills. They will allow the same on debts due to them, if delivered as above immediately."

The profit to the farmer can be judged, when it is considered that the merchants probably made a profit of twenty-five to fifty per cent on their goods. Still one point is to be considered, also, in the matter of prices, i. e., that the rates of transportation were very high, and delivery risky.

A New Firm.

A. & M. Collins—meaning Anson and Michael—of Naples, announce that they have associated Frederick Collins in business with them. The latter afterwards became one of the leading and successful business men of Quincy, and was one time trustee of Illinois College.

The general subject of Industrial preparedness will be considered under various heads, such as the importance of the human factor in such preparedness, governmental control of industries, a summary showing what industry can do for itself, training of the coming generation, stabilizing of labor units, woman's work in war-time, labor problems, measurement and standardization, a corporation school movement and a discussion at a round table on "Influencing the Management."

Among those who are to make addresses at the convention are: E. Kneppel, representing Howard E. Coffin, chairman of the Advisory Committee of National Defense; Charles R. Vanliss, President of the University of Wisconsin, who will speak Friday evening on "Government Control of Industries;" Victor A. Olander, Secretary-Treasurer of the Illinois Federation of Labor; A. E. Holder, Secretary of the Legislative Council of the American Federation of Labor; John P. Frey, Cincinnati, Editor of the International Union Moulders' Journal, and W. S. McArthur, of Chicago, who will speak on "Woman's Work in War-Time."

John Cully of Woodson was attending to his interests in the city yesterday.

[Jacksonville, Ill., May 19, 1917.

Mr. U. R. A. Friend,

Anywhere, Ill.

Dear Sir:

This is a personal letter to all live, up-to-date prospective automobile purchasers, and we know they will read every line of it as it is interesting.

The time is now here when you can obtain greater pleasure out of touring the country than at any other period. You owe it to your self and family to get some recreation and pleasure.

You can afford to own a real car when you can buy a "CHEVROLET" at the present price, and for a pleasure as well as a business investment you can never equal it anywhere.

Take it from us as a friendly tip and investigate at once the merits of this "WORLD-WONDER" in the auto field. We cannot commence to tell here in our limited space all the wonderful accomplishments of this "CHEVROLET."

Ask any user of the "CHEVROLET" what he has found to be true as to the merits of this car.

Why, everybody that knows car value always says, "It is the best value in the world," and ends up by stating, "BE SURE AND BUY A CHEVROLET" and you will be more than pleased."

Take time by the forelock and call and see our Mr. Wm. Newman Jr., allowing him the pleasure of demonstrating to you just what can be done and how well you will be pleased.

Yours very truly,

MAINTAIN PLAYER LIMIT OF 22 MEN

CHICAGO, May 23.—The player limit of 22 men will be maintained in the National League, President John K. Tener announced today in denying reports at a meeting of the National Baseball Commission that the league would reduce its limit to 18.
August Hermann owner of the Cincinnati Nationals and chairman of the national commission said that rumors that the league would renege were without foundation.
"The plan to reduce the player limit never has been considered, neither is it contemplated," said Mr. Hermann.
The commission disposed of several minor league cases during its four hour session and adjourned until tomorrow.

RESUME HEARING ON RAIL RATE INCREASES

WASHINGTON, May 23.—Interstate commerce commission hearings on the petition of the railroads for a general fifteen percent increase in freight rates were resumed today with executives of two representative railroads of the east under cross examination by attorneys for shippers. The witnesses were Presidents Rea of the Pennsylvania and Lorrie of the Delaware & Hudson. Both were closely questioned regarding the finances of their roads and possible economies which might be affected as a means of offsetting increases in operating costs. Tomorrow executives of the southeastern lines will be cross examined.
Mr. Rea was examined at length by Clifford W. Thorne, representing a group of shippers. After asking many questions regarding finances, Mr. Thorne asked whether the Pennsylvania would take competitive bids for lubricants from independent producers as a means of cutting down expenses, adding that independent producers would furnish lubricants at a price twenty percent less than the road now pays. Mr. Rea said his system was willing to do anything that would cut down operating expenses.

BREAK TWO WOMEN'S RECORDS

Philadelphia, May 23.—Two women's athletic records were broken here today by Temple University students at their annual senior-freshmen field and track meet. In winning the 80 yard dash in 10 4-5 seconds Miss Ethel Dreyer of the senior class, clipped one-fifth of a second from the former American record held by Miss L. Schwegel of Seattle, Wn. The other new record was established by Miss Bessie Cramer of the freshman class who had a mark of 20 feet 11 inches in the standing hop-step-jump. The former record was held by Miss S. A. Clark, National Park Seminary, Washington, D. C. Miss Dreyer also broke the record in this event clearing 20 feet 7 inches.

ROCKEFELLER GIVES FOUNDATION HUGE SUM

New York, May 23.—A new donation by John D. Rockefeller of \$250,000.00 to the endowment of the Rockefeller foundation was announced tonight by Dr. George E. Vincent, formerly president of the University of Minnesota who assumed the presidency of the foundation at a meeting of the board of directors today. The new gift increases the resources of the foundation to \$125,765,000.

UNITED PRESBYTERIAN ASSEMBLY

Boston, Mass., May 23.—With a majority of the commissioners already here arrangements for the opening of the annual session of the General Assembly of the United Presbyterian church are complete. The proceedings will be opened in the First United Presbyterian church tomorrow morning with a sermon by the retiring moderator. Delegates and visitors from every part of the country have arrived in the city to attend the gathering.

MONTANA G. A. R.

Butte, Mont., May 23.—Altho the annual encampment of the Montana G. A. R. does not begin until tomorrow, the trains brought in the vanguard of visitors today, and the large number of early arrivals indicates that the attendance will equal the most sanguine expectations of the local committee of arrangements. In addition to the Grand Army encampment the gathering will include the annual sessions of the State organizations of the Woman's Relief Corps, Ladies of the G. A. R., Sons of Veterans and United Spanish War Veterans.

ALUMNI REUNION POSTPONED

Baltimore, Md., May 23.—Because of the war situation the thirty-third annual reunion of the Alumni Association of the American College in Rome, which was to have met in Baltimore today, has been postponed indefinitely. The membership of the association embraces a large majority of the archbishops, bishops, and other prelates of the Roman Catholic Church in the United States.

Mr. and Mrs. Albert Myers of Sinclair were among the visitors in the city yesterday.

Mr. C. U. Everbody.
Everywhere, Ill.
Friend Farmer:
The proposition is put up to the farmers of the United States to furnish the necessary requirements of life for nearly the entire civilized world. This work calls for an extra amount of care and perseverance, and necessitates every individual doing his part.
Upon the farmers involves the question of increasing the crop production of every acre. The Morgan County farmer who is so fortunate as to have the very best soil and other conditions so much more favorable than nearly any other class, has before him the greatest opportunity in the world to not only preserve the life of others but to make an exceptionally good record and to attain success for himself, which will mean money in the Bank at the end of the season. To do so calls for intensified farming. In order to get what is coming to him he must prepare the most favorable seed bed. He must plant his seed, and after planting must see to it that the weeds do not absorb the moisture and also nutriment of the soil.
As the corn is now popping through the ground it is necessary to kill the weeds and conserve the moisture. What tool is there made that is better than the harrow and corrugated roller? Our large purchasing power has enabled us to stock on this class of goods in a way that we can furnish you at better prices today than it would be possible to buy in car loads from the factory. A corrugated roller on your corn ground sub-packs the soil, breaks the clods, kills the weeds and conserves the moisture. The roller we sell—THE FAMOUS OHIO—built with three standards, has heavy shaft, full length bearing through each disc, hard wood boxing, and is known by all first class dealers to be the superior of any roller made.
We would be pleased to have you call at our show room and investigate the merits of this roller and for your good, will suggest that you make arrangements to purchase one today.
Yours very truly,
JACKSONVILLE FARM SUPPLY CO.

Willard SERVICE STATION
STORAGE BATTERY
(Copyright registered, 1917)
You get out what you put in—but what comes out does more work than you do putting it in.
—Little Ampere
Liquid Lightning
Let Little Ampere take care of your battery, and you'll always be able to get out of it the liquid lightning that gives bright lights, snappy starting, and perfect ignition.
You can't take it out if you don't put something back.
You must keep it filled with water and in a fully charged condition. And if you let us test it regularly, you will be sure that it's always full of liquid lightning that has put the crank out of commission.
Come in for your Willard Service Card. We have a rental battery for your use when yours needs repairs.

Let Us Figure On That Concrete Work

SUMMER WILL BE BUSY IN WASHINGTON

Thousands of Visitors There Make Certain That Business Conditions Will Be Active.

Washington, D. C., May 23.—Ill blows the wind that profits nobody. Here it is near the beginning of June and Washington is busier than it has ever been before in mid-winter. The war has increased the normal population of the capital by many thousands, due to the necessity for hiring armies of extra clerks to handle the additional work of the various departments of the Government. The tradesmen are exceedingly busy, the hotels are filled, and accommodations in rooming houses are at a premium. And the best of it is, from the viewpoint of the residents of Washington, is that this activity is going to continue thru the entire summer.

Ordinarily at this time of the year everyone in Washington would be making arrangements for long vacations. The war has changed all of this, however, and during the dull, hot months to come, Washington will be a place of quiet, peaceful life that it used to be in the summer and autumn months when Congress was not in session and when the machinery of government was not whirling at war time speed.

All Cabinet Officers on Job. Every Cabinet officer is planning to stay either directly on his job in Washington or else within very close touch of it thru the summer. It goes without saying that the State Department, the War Department and the Navy Department are tremendously busy. The Post Office Department is planning the changes that will come into effect with the new war taxes. The Department of Agriculture, always restless, is straining every nerve to stimulate productivity. The Department of Labor and the Department of Commerce are busy with the labor and industrial problems arising from the war. The Interior Department has on its hands a mass of routine always sufficient to keep it out of mischief. The Department of Justice is burdened with its share of extra work arising from the war while Mr. McAdoo's Treasury is up to its ears in work attendant on the disposal of the Liberty Loan bonds and the multitude of other financial problems due to the war.

Congress expects to continue its sittings all summer with the possible exception of a very short recess to give the members a breathing spell. With the senate and house in continuous operation and all the other branches of government running at full blast, Washington will indeed be a very active place this summer.

White House a Veritable Bee Hive. The White House will continue as it has been for many months past a veritable beehive of activity. It is a significant fact that President Wilson has spent more consecutive days and a larger proportion of his entire time in Washington than did either of his predecessors. Undoubtedly one reason for this practice on the part of Mr. Wilson is that he is of a quiet and studious turn and not given to the rough and tumble of life. But it is also unquestionably true that he has spent almost all of his time in Washington because, in the main, circumstances forced him to. The mass of detail as well as of large questions which have sprung up the past few years even before the war cloud appeared on the horizon have practically compelled the presence of the Chief Executive in Washington. During the coming summer Mr. Wilson's vacation is likely to be confined wholly to a few short cruises on the Mayflower.

Climate Conditions Favorable. It is probably a fortunate thing that the seat of the Federal Government is situated on such a spot that in the summer months the climate is almost tropical. This quality in the climate makes it difficult for newcomers but as soon as a man is acclimated he is not only able to stand the weather but he is "let down" nervously to a considerable extent. His work may be the most exacting and exhausting in the world but the lazy feeling in the air is sure sooner or later, to get into his bones and tend to prevent him from running along at the unnecessarily high tension which is so often fatal to busy men in the north.

Gradually Washington is beginning to handle itself like the semi-tropical city that it is. Every season on more men blossom out in linen or crash suits of the featherweight and washable variety. The country clubs and parks have been developed to an amazing extent and the Maryland and Virginia countryside have also become an essential part of the summer existence of the statesmen, the working people, the newspaper correspondents and others whose daily tasks are concerned with the running of the United States Government.

A PROMISING ACTOR. Conrad Nagel the young man who played the leading role of "Youth" in "Experience," is a resident of Des Moines, Iowa, and an intimate friend of Mr. and Mrs. Abner M. Upham. Mr. Nagel was not obliged to serve as understudy in the important part he takes in the great play but seemed to be fitted for it from the beginning.

These company had to leave on the 1:58 Washash train for Terre Haute and Mr. Nagel was invited to meet a number of young people at the home of Miss Helen Albright on West College avenue and a very pleasant time was enjoyed by all present.

Miss Albright met the actor at the home of Mr. and Mrs. Upham last summer. The young man said he had played seven nights a week without intermission since the first of last August yet he didn't seem to be fatigued. The company are to have a four night stand at Terre Haute.

Jesse Loughery of Concord was a caller on city people yesterday.

FROM THE EDUCATOR'S NOTEBOOK

Sayre College, of Lexington, Ky., of which Dr. Lorin Stucky was recently elected president, is the oldest Presbyterian school in the south. Dr. Stucky goes to Sayre from the University of Iowa, where he has been professor of sociology and economics.

Wisconsin is using the movies to teach thrift. Under the auspices of the extension department of the State University there has been prepared a series of films to be sent all over the state. The pictures are intended to teach the people how to produce more food and waste less.

A prize of \$20,000 for the best method of character education in the public schools will be offered as a supplement to the \$5000 prize for the best children's code of morals, already under competition under the auspices of the National Institute for Moral Instruction. The competition will begin Washington's birthday, 1918, and continue for a year, each state to organize a team of nine character education experts to compete for the prize. The prize money has been given by a business man who does not want his name disclosed.

The British academic world was notably represented in the British war commission party which has lately been visiting America headed by Mr. Balfour, lecturer in international law and diplomacy at Cambridge University. Since 1915, Prof. Balfour has been doing his bit by doing a secretary's work at the Foreign Office. His giving up his calling to serve the Government in war time is only typical of what British university men have been doing all over the United Kingdom, according to his own testimony. Of the teaching staff of his own department at Cambridge only two out of twelve are not serving in some capacity. This was not Prof. Butler's first visit to America. He has been a lecturer at the University of Pennsylvania in 1913 and 1914.

President Robert S. Hyer of Southern Methodist University, Dallas, Texas, has an interesting plan by which 200 young men may earn enough money to meet their expense while attending that institution. The University has an endowment of 600 acres of land, much of which is as fertile as any land in Texas. Four hundred acres of this tract is in use as a campus, but 200 acres is now being leased to persons not connected with the university. Dr. Hyer's plan is that the University tender the use of the 200 acres to 200 young men desiring to earn their way thru college, provide farm animals and farm implements, and let the 200 young men each cultivate one acre. It is believed that from one acre planted with garden produce and carefully cultivated, a young man can make fully enough to pay his expenses at the university. It is proposed that the institution employ an expert agronomist to direct the work of the young men. Besides, the university kitchens and the boarding houses that care for the 300 students will afford a ready and convenient market for the produce that is grown.

FRANKLIN

Mrs. Lula Sifton is spending the week with Mrs. Albert Alderson near Waverly.

Harry Kirby of Beardstown visited over Sunday with Franklin friends.

Miss Haze Kinear who taught the domestic science department the past term left Saturday for her home in Rushville.

The Home Makers' Scientific Circle were entertained Tuesday afternoon by Mrs. Bright Sears.

Miss Lucile Olinger who has been touring the south and west as pianist of a ladies' orchestra the past year returned home Tuesday. She will spend the summer with her parents, Mr. and Mrs. C. W. Olinger.

Wm. A. Berryman of Jacksonville came out Friday to attend the graduation exercises, and for a visit at the home of his grandmother, Mrs. Sarah Hill, returning to his home Saturday afternoon.

MURRAYVILLE R. R. 1

Mr. and Mrs. Clarence Lorton and daughter Mabel spent Saturday and Sunday, near Drake, the guests of Mr. Lorton's parents.

Mr. and Mrs. L. G. Crouse spent Sunday afternoon with Mr. and Mrs. Thomas Storey.

Miss Ada Storey returned home Monday after a pleasant visit with friends near Exeter.

John Blimling was a Jacksonville visitor Saturday.

Mrs. Charles Koynne and Mrs. Pete McCabe spent Saturday afternoon in Murrayville.

Mrs. J. H. Devore of Woodson spent Wednesday afternoon with Mrs. L. G. Crouse.

Walter Ealey of Jacksonville took dinner Wednesday with his sister, Mrs. L. G. Crouse and family.

Mrs. R. E. Dobson and children visited from Saturday until Monday with relatives in Jacksonville.

Monday attended a farewell dinner given for Mr. and Mrs. Reuben Maples, who left that afternoon for California for their future home.

DENIES MEXICO MADE PROTEST TO GERMANY

MEXICO CITY, May 23.—Ernesto Garza Perez, in charge of the foreign office denies that Mexico made a representation to Germany on the submarine issue. Senor Perez was shown a dispatch from Amsterdam which stated that the Mexican minister to Germany was believed to have protested on behalf of Mexico against unrestricted submarine warfare. He declared the Mexican government had not authorized any such representations and that Mexico had nothing to say to Germany on this subject.

FORMER RESIDENTS IN ARMY, Y. M. C. A. WORK

Sons of Dr. C. M. Brown, Former Westminster Pastor, in Association Service at Dellwood Park

The following reference was made in the Joliet Herald of May 19 to the sons of the Rev. C. M. Brown, D. D., formerly of Westminster church, this city:

"Now that the troops are about to move into new quarters at Dellwood park, the equipment of the Y. M. C. A. tent already located there may be of interest. The soldiers' camp is south of the ball park and east of the dance pavilion and the Y. M. C. A. tent is south of the camp at the head of the company streets. A large sign, 3 by 20 feet, contains the words 'ARMY, Y. M. C. A.'"

"The tent contains four large tables with book racks in center and stationery within reach. At the north end of the tent is the business counter and supply of all kinds. To the south end of the tent is a platform twelve feet square with a piano, victrola and fifty records."

"Religious services will be held by different creeds and denominations Sundays and entertainments during the week in this tent. Bible classes and other organizations will be formed by the enlisted men, many of whom are already members of the Pocket Testament League since their sojourn on the Mexican border."

Joliet Men in Charge

"Two of Joliet's own young men, are in charge of the Y. M. C. A. work, Albert and Charles H. Brown, Jr., sons of Dr. and Mrs. C. M. Brown of the First Presbyterian church have received their appointments from the Army Branch of the Y. M. C. A. and have been assigned to this post. It is not known definitely whether they will remain with the equipment at Dellwood Park all the time it is there or go with the military unit to the firing line if the 1st Regiment is ordered overseas."

"The Y. M. C. A. secretaries wear the regulation army uniform, and mess with the soldiers. They are in every way possible study the convenience and comfort of 'the boys.' The details of Y. M. C. A. supplies are interesting for variety. Not only stationery, but also ink, pencils, pencil sharpeners, blotters, wrapping paper, twine, rubber bands, inks, calendars clocks (called by the soldiers sleep meters), ice water, chess and checker boards, waste paper baskets—all are provided free. The only thing kept for sale is the much in-demand postage stamp."

Reading matter, in the way of books and recent periodicals, is always welcome and the citizens of Joliet can serve the guardsmen stationed at Dellwood by keeping the tables replenished with the best that is available."

REV. H. H. DEWITT WILL ACT AS MODERATOR AT DECATUR

Rev. H. H. DeWitt pastor of Second Baptist church will leave this morning for Decatur and Danville where he will visit officially and act as Moderator of the Wood River association of Baptist Churches.

From Danville Rev. DeWitt will go to Indianapolis where he will on Sunday assist the Rev. B. F. Ferrell in raising \$5,000 for the purpose of building a new church.

The Rev. Mr. DeWitt will be absent about a week. On Sunday the Rev. G. Golden will preach the morning service at Second Baptist church and the Rev. F. Sales will have charge of the evening service.

GIVE FULL FACTS OF MOTHER'S CASE

Claude Petefish Praises
Tanlac Because of Relief
Parent Gained

Claude Petefish, well known farmer residing at Litchberry, Ill., near here, made the following interesting statement on May 19, regarding the relief his mother, Mrs. W. H. Petefish, gained through Tanlac, the celebrated new medicine.

"About four years ago mother began having trouble with her stomach and rheumatism has bothered her for about the same length of time. Her food never seemed to digest properly and didn't agree with her. She also suffered severe pains in her back and limbs, especially so in the mornings. She felt completely tired and worn out all the time."

"Well sir, mother has taken only one bottle of Tanlac but just this morning she told me that she felt better now than she has for the past three months. The pains in her back and limbs are not nearly so severe now. Her stomach, also, is greatly improved, the food she eats now seems to digest much better and agrees with her, too. Mother wants other people to know of the good Tanlac has done her so that they may try the new medicine and receive the same benefits."

Tanlac is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co., in New Berlin at the New Berlin Drug Co., in Ashland at H. O. Brownback's, in Versailles at A. G. Bates' and in Chapin at F. P. McKinney's.—Adv.
